Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1351/17	Lithuania	Baby Doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value 28.6% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Ban on the marketing of the product and any accompanying measures
A12/1353/17	Slovakia	Toy gun set Country of origin: China		Choking The suction cups can be easily detached from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks
A12/1354/17	Slovakia	Toy gun set Country of origin: China		Choking The suction cups can be easily detached from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks
A12/1355/17	Slovakia	Toy police set Country of origin: China		Choking The suction cups can be easily detached from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1356/17	Slovakia	Bow and arrow set Country of origin: China		<p>Choking, Injuries</p> <p>The suction cups can be easily detached from the arrows. If a child puts the arrow in the mouth, the suction cup may detach and obstruct the airways.</p> <p>In addition, the kinetic energy of the arrows fired from the bow is too high which can lead to eye injuries.</p> <p>The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.</p>	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks
A12/1357/17	Slovakia	Shooting play set Country of origin: China		<p>Choking</p> <p>The suction cups can be easily detached from the projectiles and from the arrows. If a child puts the projectile or the arrow in the mouth, the suction cup may detach and obstruct the airways.</p> <p>The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.</p>	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks
A12/1358/17	Cyprus	Plastic doll set Country of origin: China		<p>Chemical</p> <p>The plastic material of the doll contain bis (2-ethylhexyl) phthalate (DEHP) (measured value 23.46% by weight) and di-butyl phthalate (DBP) (measured value: 3.12 % by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. It also contains di-‘isononyl’ phthalate (DINP) (measured value 1.2% by weight).</p> <p>According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles while the phthalates DINP, DIDP and DNOP are prohibited in all toys and childcare articles articles which can be placed in the mouth by children.</p>	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1361/17	Spain	Wooden rattle Country of origin: China		Choking Small parts can break off the part of the rattle shaped like a head. A child could put the small parts in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Import rejected at border
A12/1362/17	Cyprus	Water pistol Country of origin: China		Chemical The plastic head on top of the toy contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 21.04 % by weight) and di-butyl phthalate (DBP) (measured value: 0.32 % by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation, DEHP, DBP and BBP phthalates are prohibited in all toys and childcare articles.	Withdrawal of the product from the market
A12/1364/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the swimming ring contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 20.84% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Other
A12/1366/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value up to: 33 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. It contains also di-'isononyl' phthalate (DINP) (measured value up to: 2.7 % by weight). According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles while the phthalates DINP, DIDP and DNOP are prohibited in all toys and childcare articles which can be placed in the mouth by children.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1367/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value up to: 16 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. It contains also di-‘isononyl’ phthalate (DINP) (measured value up to: 2.9 % by weight). According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles while the phthalates DINP, DIDP and DNOP are prohibited in all toys and childcare articles which can be placed in the mouth by children.	Withdrawal of the product from the market
A12/1368/17	Cyprus	Bow and arrows play set Country of origin: China		Chemical The plastic material of the suction cups of the arrows contain di-butyl phthalate (DBP) (measured value: 3.2 by weight) and di-(2-ethylhexyl) phthalate (DEHP) (measured value: 0.9% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles.	Withdrawal of the product from the market
A12/1369/17	Poland	Push-along toy Country of origin: China		Choking, Suffocation The toy breaks easily, generating small parts. Small children may put the small parts in the mouth and choke. In addition, the plastic bag of the packaging is too thin. If a child plays with the packaging, the plastic can cover the mouth and nose, causing the child to suffocate. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: Importer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1370/17	Cyprus	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value up to: 32.4 % by weight) and di-butyl phthalate (DBP) (measured value: 5.3 % by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. It contains also di-'isononyl' phthalate (DINP) (measured value: 5.7 % by weight). According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles while the phthalates DINP, DIDP and DNOP are prohibited in all toys and childcare articles which can be placed in the mouth by children.	Withdrawal of the product from the market
A12/1374/17	The Netherlands	Wooden toy car Country of origin: China		Choking The toy breaks easily and small parts can detach (e.g. back wheel and axis of the truck). A small child can put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users
A12/1375/17	The Netherlands	Baby doll Country of origin: unknown		Chemical, Choking The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value up to 18 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. Moreover, a small part comes easily loose from the product (soother from the milk bottle). A small child may put it in the mouth and choke. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures

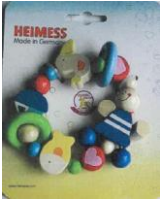

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1377/17	The Netherlands	Kitchen play set Country of origin: China		Choking, Suffocation Small parts can easily detach (handles on the lids and handles of the spoons) and a small child may put them in the mouth, causing choking. In addition, the hemispheric-shaped, red pan could cover the nose and mouth of small children, leading to suffocation. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1378/17	The Netherlands	Toy gun Country of origin: Germany		Choking The suction cups can detach easily. If the suction cup detaches when placed in the mouth in order to wet it, it could block the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1379/17	The Netherlands	Toys gun set Country of origin: China		Choking The suction cup of the projectiles can easily detach. If a child puts the projectile in the mouth, the suction cup can detach leaving the airways obstructed. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/1380/17	The Netherlands	Toy musical instrument Country of origin: China		Choking Small parts (the mouthpiece, valve, plug) can easily come loose. A child could put the small parts in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1381/17	Lithuania	Musical cot mobile Country of origin: China		Choking Parts of the mobile break easily and the sticker can detach, generating small parts which could be swallowed by children, causing them to choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/0122/17	Denmark	Fidget spinner Country of origin: China		Injuries The battery compartment can easily be opened without the use of any tools and the button cell batteries inside are easily accessible. Children may put them in the mouth and swallow them, causing damage to the gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Withdrawal of the product from the market (By: Importer)
A11/0123/17	Hungary	Plastic swing Country of origin: China		Injuries Under load, the ropes can easily detach from the metal rings. A child using the swing could consequently fall to the ground. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-8.	Withdrawal of the product from the market
A12/1392/17	The Netherlands	Baby doll Country of origin: China		Chemical, Choking The cover of the battery compartment can easily be removed without any tools and the batteries are accessible. The cover and/or the batteries could be put in the mouth by small children, causing damage to the child's gastrointestinal tract or choking. Moreover, the plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value up to >30% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP, DBP and BBP are prohibited in all toys and childcare articles. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standards EN 62115 and EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1433/17	Sweden	Rattle Country of origin: China		Choking The wooden rings can break generating small parts. A child could put the small parts in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users Withdrawal of the product from the market
A12/1438/17	Lithuania	Baby doll Country of origin: China		Chemical, choking The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measure value up to 29.1% by weight). This phthalate may harm the health of children causing possible damage to the reproductive system. Moreover, a small part comes easily loose from the product (soother from the milk bottle). A small child may put it in the mouth and choke. According to the REACH Regulation the phthalate DEHP is prohibited in all toys and childcare articles. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/1439/17	The Netherlands	Doll Country of origin: Germany		Choking Small parts (pacifier cord) can easily come loose and may be put in the mouth by small children, causing them to choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users
A12/1444/17	Slovakia	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measure value: 15.7% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation, the phthalates DEHP is prohibited in all toys and childcare articles.	Ban on the marketing of the product and any accompanying measures, Recall of the product from end users, Warning consumers of the risks, Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1445/17	Slovakia	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 14.8% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalate DEHP is prohibited in all toys and childcare articles.	Recall of the product from end users, withdrawal of the product from the market.
A12/1446/17	Slovakia	Plastic doll with accessories Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measure value: 20.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalate DEHP is prohibited in all toys and childcare articles.	Ban on the marketing of the product and any accompanying measures, recall of the product from end users, warning consumers of the risks, withdrawal of the product from the market
A12/1447/17	Slovakia	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 18.2% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalate DEHP is prohibited in all toys and childcare articles.	Ban on the marketing of the product and any accompanying measures, Recall of the product from end users, Warning consumers of the risks, Withdrawal of the product from the market
A12/1448/17	Slovakia	Plastic doll with accessories Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 20.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalate DEHP is prohibited in all toys and childcare articles.	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/1449/17	Slovakia	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 18.6% by weight) and di-butyl phthalate (DBP) (measured value 0.42% by weight) These phthalates may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalates DEHP and DBP are prohibited in all toys and childcare articles.	Recall of the product from end users, Withdrawal of the product from the market
A12/1450/17	Slovakia	Inflatable toy Country of origin: China		Chemical The plastic material of the toy and the valve contains di-(2-ethylhexyl) phthalate (DEHP) (measured value up to 15.1% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation, the phthalate DEHP is prohibited in all toys and childcare articles.	Recall of the product from end users, Withdrawal of the product from the market
A12/1452/17	Lithuania	Mermaid doll with accessories Country of origin: China		Chemical The plastic material of the toys contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 33.2% by weight) and di-(2-butyl) phthalate (DBP) (measured value: 0.149% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. It contains also di-isononyl phthalate (DINP) (measured value: 0.155 % by weight). According to the REACH Regulation the phthalates DEHP and DBP are prohibited in all toys and childcare articles. The phthalate DINP is prohibited in toys and childcare articles which can be placed in the mouth by children.	Ban on the marketing of the product and any accompanying measures
A12/1453/17	Lithuania	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value up to 36.8% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. According to the REACH Regulation the phthalate DEHP is prohibited in all toys and childcare articles.	Ban on the marketing of the product and any accompanying measures

RAPEX – Rapid Exchange of Information System

The Rapid Alert System enables the rapid exchange of information (RAPEX) between **31 European countries** and the European Commission on non- food dangerous products found on the market posing a risk to health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <http://ec.europa.eu/rapex>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities ("compulsory measures") or be taken directly by producers and distributors ("voluntary measures").

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive ([2001/95/EC](#)) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kind and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

Recall Summary – US Toys / Children Products

CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a "one stop shop" for U.S. Government recalls, www.recalls.gov, has been created. Publics can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted, voluntarily by the company, under CPSC's Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.
