

Recall Summary – European Toys

Published: 14/03/2018

RAPEX notification (Feb 2018)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0117/18	Italy	Toy Blocks Country of origin: Italy		Choking Small parts can easily detach from the blocks. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/0118/18	Spain	Fancy-dress accessories Country of origin: China		Burns The eyebrows and moustache are highly flammable. If they catch fire, the user could suffer burns, mostly to the face. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-2.	Withdrawal of the product from the market
A12/0119/18	Italy	Doll with accessories Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 37.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Ban on the marketing of the product and any accompanying measures
A12/0124/18	Czech Republic	Plastic dolls Country of origin: China		Chemical The plastic material of the dolls contains bis (2-ethylhexyl) phthalate (DEHP) (measured value up to 39.2% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0131/18	Spain	Toy Drum Country of origin: Spain		Strangulation The cord is too long. This may cause strangulation if it gets wrapped around the child's neck. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0137/18	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 16.2% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0138/18	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 17.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0145/18	Denmark	Rattle Country of origin: China		Choking The wooden beads can fall off, generating small parts. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users
A12/0146/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains 2-ethylhexyl phthalate (DEHP) and di-butyl phthalate (DBP) (measured value: 0.17% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. It also contains di-isononyl phthalate (DINP) (measured value: 4.9 % by weight) and the migration of bisphenol A is too high (measured value: 0.157 mg/l). Bisphenol A is toxic for reproduction. According to the REACH Regulation the phthalates DEHP and DBP are prohibited in all toys and childcare articles while the phthalate DINP is prohibited in all toys and childcare articles articles which can be placed in the mouth by child. The product does not comply either with the requirements for chemicals of the Toy Safety Directive.	Withdrawal of the product from the market (By: Importer)
A12/0153/18	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 13.2% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0154/18	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 16.9% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0155/18	Czech Republic	Squeeze toy Country of origin: China		Chemical The plastic material of the toy contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 48% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0156/18	Czech Republic	Novelty headband Country of origin: China		Chemical, Choking The battery compartment can be easily opened by removing the cover and the button batteries are accessible. A small child may put them in the mouth, causing damage to the child's gastrointestinal tract or choking if swallowed. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Withdrawal of the product from the market.
A12/0157/18	Czech Republic	LED Balloon Country of origin: China		Chemical, Choking The button batteries are easily accessible without the use of any tools and could be swallowed by children. This could cause damage to the child's gastrointestinal tract or choking. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standards EN 62115.	Withdrawal of the product from the market
A11/0006/18	France	Soft Toy Country of origin: China		Choking The fibrous stuffing material of the toy is easily accessible due to the weakness of certain seams. The stuffing material may cause choking if put in the mouth by children. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users (By: Importer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A11/0011/18	Germany	Toy Scooter Country of origin: Unknown		Injuries The steering column can break. This would mean that a child could no longer steer the scooter and could fall off. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/0158/18	Slovakia	Toy pushchair Country of origin: China		Injuries The pushchair has only one safety lock and may easily collapse. Children's fingers may become trapped between moving parts, causing injuries. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users, Withdrawal of the product from the market
A12/0161/18	Slovakia	Toy Scooter Country of origin: China		Injuries The front fork is not sufficiently resistant to load and can deform in the event of an impact and the front wheel is too small and could get stuck in holes in the ground. This can cause the child to lose balance and fall. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks
A12/0162/18	Slovakia	Toy gun Country of origin: China		Choking The suction cups can be easily detached from the projectiles. If a child puts the projectile in the mouth, the suction cup may detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Recall of the product from end users, Warning consumers of the risks, Withdrawal of the product from the market
A12/0164/18	Slovakia	Building Blocks Kit Country of origin: China		Choking Small children may put some of the blocks (14 orange wheels) in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures, Warning consumers of the risks

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0166/18	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 9.54% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0167/18	Czech Republic	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 14.6% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0171/18	Czech Republic	Set of plastic dolls Country of origin: China		Chemical The plastic material of the dolls contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 24.5% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0176/18	Lithuania	Rattle Country of origin: China		Choking The toy may easily break, generating small parts (rotating ball). A small child may put the small part into the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/0182/18	United Kingdom	Wooden toy train Country of origin: Indonesia		Choking The small plastic ears of the 2 smaller bunnies may break off. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and with the relevant European standard EN 71-1.	Destruction of the product, Warning consumers of the risks
A12/0183/18	Hungary	Plastic Swing Country of origin: China		Injuries The knots of the rope can come loose and detach from the seat. A child could consequently fall from the swing. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-8.	Recall of the product from end users, Withdrawal of the product from the market

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0184/18	Hungary	Plastic swing Country of origin: Ukraine		Choking, Injuries The knots of the rope can come loose and detach from the seat and the whistle on the horn comes off easily, generating a small part. A child may fall from the swing or put the small part in the mouth, causing choking. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-8.	Recall of the product from end users, Withdrawal of the product from the market
A12/0188/18	United Kingdom	Magnetic Putty Country of origin: China		Choking, Injuries The product includes a small loose magnet with a high magnetic flux. If a child swallows this small magnet and other metallic objects, they could attract one another causing intestinal blockage or perforation or choking. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/0194/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 4.87% by weight), di-butyl phthalate (DBP) (measured value: 0.24% by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. It also contains di-isononyl phthalate (DINP) (measured value: 1.47 % by weight). The product does not comply with the REACH Regulation.	Import rejected at border
A12/0195/18	Poland	Children's mask Country of origin: China		Chemical The plastic material of the mask contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 4.53% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Import rejected at border
A12/0196/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 0.3% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Import rejected at border

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0202/18	France	Teething toy Country of origin: Unknown		Choking The rabbit's ears protrude. A small child could put them in the mouth where they can get stuck and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Recall of the product from end users (By: Retailer)
A12/0209/18	Hungary	Slide Country of origin: China		Injuries The slide is not sufficiently stable. The slide can tip over during use and children might suffer injuries. The product does not comply with the requirements of the Toys Safety Directive and with the relevant European standard EN 71-8.	Recall of the product from end users, Withdrawal of the product from the market
A12/0214/18	Poland	Plastic doll set Country of origin: China		Chemical The plastic material of the dolls contains 2-ethylhexyl phthalate (DEHP) (measured value: 10.6% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. It also contains di-isononyl phthalate (DINP) (measured value: 16.4 % by weight). The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/0215/18	Belgium	Bath toy set Country of origin: China		Choking Small plastic parts (squeaking element) may easily detach from the toy. A small child may put them in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users (By: Importer)
A12/0216/18	Spain	Toy Plastic cars Country of origin: China		Choking The yellow rubber parts of the wheels can come off and break, generating small parts. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Import rejected at border
A12/0218/18	France	Fancy-dress mask Country of origin: China		Chemical The plastic material of the mask contains di-(2-ethylhexyl) phthalate (DEHP) (measured value: 24.9 % by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Recall of the product from end users (By: Importer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0227/18	United Kingdom	Magnetic putty Country of origin: Unknown		Chemical, Injuries The gold-coloured putty contains high amounts of arsenic (measured value: 32.9mg/kg) and lead (measured value: 29 mg/kg). Moreover, the magnet is a small part with a high magnetic flux. Arsenic is toxic and exposure to lead is harmful for human health and can cause developmental neurotoxicity. If a child swallows this small magnet and other metallic objects, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A11/0012/18	Hungary	Trapeze/ swing Country of origin: China		Injuries The horizontal wooden rod is not sufficiently resistant to load and can break. As a consequence, the user may fall. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-8	Withdrawal of the product from the market
A12/0239/18	Spain	Toy Cars Country of origin: China		Choking A small plastic part may become detached. A small child may put it in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Import rejected at border
A12/0244/18	Slovakia	Shooting play set Country of origin: China		Choking The suction cups can easily detach from the projectiles. If a child puts the projectile in the mouth, the suction cup could detach and obstruct the airways. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users, Withdrawal of the product from the market
A12/0252/18	Finland	Wooden racing car Country of origin: Thailand		Choking The wheels and axle of the toy car could be detached, generating small parts. A small child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market (By: Importer)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0245/18	Slovakia	Soft textile doll Country of origin: China		Chemical, Choking The battery compartment in the doll can be easily opened by removing the cover, making the button batteries accessible. A small child may put these in the mouth, which could cause damage to the child's gastrointestinal tract or choking if swallowed. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Ban on the marketing of the product and any accompanying measures, Recall of the product from end users, Warning consumers of the risks, Withdrawal of the product from the market
A12/0253/18	Hungary	Magnetic toy Country of origin: Italy		Injuries The magnets have a high magnetic flux. If two or more magnets are swallowed, they could attract one another and cause intestinal perforation or blockage. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users, Withdrawal of the product from the market
A12/0254/18	United Kingdom	Toy xylophone Country of origin: China		Choking The round wooden ball on the end of the stick used to strike the keys of the xylophone may come loose, generating a small part. A small child may put the small part into the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Other (By: Importer)
A12/0255/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 31.5% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market (By: Importer)
A12/0256/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 28.4% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market (By: Importer)

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0262/18	Spain	Plastic car Country of origin: China		Choking The plastic cars can easily break, generating small parts. A child could put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Import rejected at border
A12/0263/18	Finland	Wooden toy Country of origin: China		Choking The head of one of the figures can be detached and some figures are too small. A small child may put the small parts in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/0264/18	Finland	Fancy-dress costume Country of origin: China		Burns, Suffocation The ears of the hat are highly flammable and can cause burns if catching fire. Moreover, the plastic bag of the inner packaging is too thin. If a child plays with the packaging, the plastic can cover the mouth and nose, causing the child to suffocate. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1 and -2.	Recall of the product from end users
A12/0265/18	Latvia	Wooden toy car Country of origin: China		Choking The toy contains small parts. Small children may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product (By: Importer)
A12/0268/18	Latvia	Wooden toy Country of origin: China		Choking Small parts can easily detach from the toy. Small children may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Destruction of the product (By: Importer)
A12/0274/18	Finland	Wooden puzzle Country of origin: China		Choking The pieces of the puzzle are too small. A small child may put them in the mouth and choke on them. The product does not comply with the requirements of the Toy Safety Directive and with the relevant European standard EN 71-1.	Recall of the product from end users

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A12/0276/18	Finland	Fidget spinner Country of origin: Unknown		Injuries The battery compartment can easily be opened without use of any tools and the button cell batteries inside are accessible. Children might put them in the mouth and swallow them, causing damage to the gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 62115.	Recall of the product from end users
A12/0277/18	Finland	Fidget spinner Country of origin: Unknown		Injuries The battery compartment can easily be opened without use of any tools and the button cell batteries inside are accessible. Children might put them in the mouth and swallow them, causing damage to the gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 62115.	Recall of the product from end users
A12/0279/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: 1.62% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Import rejected at border
A12/0280/18	Poland	Plastic doll Country of origin: China		Chemical The plastic material of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value 5.54% by weight) and di-butyl phthalate (DBP) (measured value 11.38 % by weight). These phthalates may harm the health of children, causing possible damage to the reproductive system. It also contains di-isononyl phthalate (DINP) (measured value 5.57 % by weight). The product does not comply with the REACH Regulation.	Import rejected at border
A12/0281/18	Finland	Fidget spinner Country of origin: China		Injuries The battery compartment can easily be opened without use of any tools and the button cell batteries inside are easily accessible. Children might put them in the mouth and swallow them, causing damage to their gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Ban on the marketing of the product and any accompanying measures

RAPEX – Rapid Exchange of Information System

The Rapid Alert System enables the rapid exchange of information (RAPEX) between **31 European countries** and the European Commission on non- food dangerous products found on the market posing a risk to health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <http://ec.europa.eu/rapex>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities ("compulsory measures") or be taken directly by producers and distributors ("voluntary measures").

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive (2001/95/EC) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kind and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

Recall Summary – US Toys / Children Products

CPSC Recall List (Feb 2018)

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
18-097	U.S.	Children's rompers Country of origin: Indonisa		Choking The snaps near the collar can detach, posing a choking hazard to young children.	Consumers should immediately take the recalled rompers away from children and contact Tea Living for a full refund.

*Source: www.recalls.gov

CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, www.recalls.gov, has been created. Public can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted voluntarily by the company under CPSC’s Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kind and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

STC (The Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 50 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but not limited to:

EU Requirements

- EN 71
- Phthalates (EC) no. 1907/2006
- Nickel Release (EC) no. 1907/2006
- Total Cadmium (EEC) no. 91/338
- Lead in Jewellery product (EC) no. 836/2012
- Azo-dye (EC) no. 1907/2006
- Bisphenol-A (2014/81/EU)
- DMF (Dimethylfumarate) (EU) no. 2011/135
- Flame retardants TCEP, TCPP, TDCP (2014/79/EU)
- Package Waste Directive (94/62/EC)

US & Canada Requirements

- ASTM F963
- CPSIA
- California Proposition 65
- 16 CFR 1501
- ASTM F2923 (Children's jewellery)
- ASTM F2999 (Adult's jewellery)
- US Toxic in Packaging Clearinghouse (TPCH)
- CCPSA - Toys Regulations (SOR/2011-17)

Japan Requirements

- Japan Toy Safety Standard (ST)
- Japan Food Sanitation Law (JFSL)
