

**For Immediate Release**

## **STC Vietnam Successfully Expanded its VILAS Testing Scope for Toys and Children's Products**

**Hong Kong, July 18, 2018** – In reference to the Certificate No. 1001 released by the Bureau of Accreditation (BoA) of the Ministry of Science and Technology in Vietnam, we are delighted to announce that STC (Vietnam) Company Limited has successfully been registered under the Vietnam Laboratory Accreditation Scheme (VILAS) complying with ISO/IEC 17025. Our laboratory in Ho Chi Minh City has extended its service capabilities to include testing for toys and children's products.

As an accredited VILAS testing laboratory, STC offers professional one-stop service for both detection and analysis of toys and children's products in compliance with ASTM F963 and CPSIA in the United States, EN 71 in the European Union as well as the Toy Safety Standard (ST Standard) in Japan.

According to Professor Richard Fung, Chief Executive of STC, "STC is committed to expanding its service scope and operating network in the global market. Our state-of-the-art testing facilities help customers improve product quality and competitiveness. With more than 55 years of professional experience and connections with various international accreditation bodies, STC strives to provide the highest quality and one-stop services to manufacturers, from testing and inspection to certification and technical consultation."

### **About STC**

Founded in 1963, STC (Hong Kong Standards and Testing Centre) is the first independent, not-for-profit testing, certification and inspection organization in Hong Kong. Over the years, our comprehensive conformity assessment services have evolved to cover a wide range of products including toys, children's products, textile, garment, footwear, furniture, electrical and electronic products, medical devices, food, chemical and pharmaceutical products. STC is headquartered in Hong Kong, with testing laboratories and offices in Mainland China, Vietnam, Japan, United States, Germany and Italy, we will continue to expand our global presence.
