

## Recall Summary – European Toys

Published: 13 July 2020  
RAPEX notification (Jun 2020)

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A11/00055/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: China)		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/00056/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: China)		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/00057/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: China)		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/00058/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: China)		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures

A11/00059/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/00060/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/00061/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A11/00062/20	Finland	<b>Plush toy with sequins</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The sequins can easily be detached. A small child might put the toy in the mouth, detach the sequins with the teeth and inhale them. This could lead to infection in the lungs. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/00847/20	Finland	<b>Toy slime</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The migration of strontium from the toy is too high (measured value: 1700 mg/kg). Ingestion or contact with an excessive quantity of strontium may harm the health of children by impairing the normal development of their skeleton and irritating their skin. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-3.	Ban on the marketing of the product and any accompanying measures

A12/00864/20	Finland	<b>Toy slime</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The migration of boron from the toy slime is too high (measured value up to 1100 mg/kg). Ingestion or contact with an excessive quantity of boron may harm the health of children by damaging their reproductive system. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-3.	Ban on the marketing of the product and any accompanying measures
A12/00865/20	Germany	<b>Plastic doll with accessories</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP), di-'isononyl' phthalate (DINP) (measured values: 30.4% , 0.81 % and 1% by weight, respectively). These phthalates may harm the health of children, causing possible damage to their reproductive system and liver. / The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/00880/20	Germany	<b>Chess set</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The product releases an excessive amount of formaldehyde (0.043%/day). Formaldehyde is a skin sensitizer which can trigger allergic reactions and may cause cancer. / The product does not comply with the requirements of the Toy Safety Directive.	Stop of sales, Withdrawal of the product from the market
A12/00885/20	Hungary	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value: 31 % by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. / The product does not comply with the REACH Regulation.	Recall of the product from end users, Withdrawal of the product from the market

A12/00905/20	Poland	<b>Soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The zipper's pull tab can easily be detached, generating a small part, and the fibrous stuffing material is easily accessible due to the weakness of certain seams. A small child may put the puller tab or the stuffing material in the mouth and choke on them. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/00908/20	Iceland	<b>Multi sound activity toy</b>  (Country of Origin: <b>France</b> )		<b>Choking</b> Small parts (the Velcro, in the pocket) can easily be detached from the toy. A small child may put them in the mouth and choke on them. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users
A12/00909/20	Czechia	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP)(measured value: 13 % by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. / The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/00915/20	Czechia	<b>Fancy-dress make-up</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the product contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value: 19 % by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. / The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/00916/20	Italy	<b>Set of rattle toys</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Some of the rattles can easily release small parts. A small child may put them in the mouth and choke on them. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market

A12/00917/20	Italy	<b>Toy keyboard</b>  (Country of Origin: <b>Italy</b> )		<b>Choking, Suffocation</b> Small parts such as the dog-shaped key can detach. A small child may put them in the mouth and choke on them. Moreover, the plastic bag of the packaging is too thin. If a child plays with the packaging, the plastic can cover the mouth and nose, causing the child to suffocate. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European Standard EN 71-1.	Withdrawal of the product from the market
A12/00925/20	Poland	<b>Pull along toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy contains small parts (wooden blocks). A child may put any of them in the mouth and choke on it. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/00928/20	Hungary	<b>Toy musical instrument set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The mouthpiece of the bagpipe may come off easily. When playing with the bagpipe, the mouthpiece can detach and obstruct the airways. / The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 71-1.	Recall of the product from end users, Withdrawal of the product from the market

### RAPEX – Rapid Exchange of Information System

The Rapid Alert System enables the rapid exchange of information (RAPEX) between [31 European countries](#) and the European Commission on non- food dangerous products found on the market posing a risk to health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <http://ec.europa.eu/rapex>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities ("compulsory measures") or be taken directly by producers and distributors ("voluntary measures").

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive ([2001/95/EC](#)) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

## Recall Summary – US Toys / Children’s Products

CPSC Recall List (Jun 2020)

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
20-132	USA	<b>Umbrella strollers</b>  (Country of Origin: <b>China</b> )		<b>Fall, Choking</b> the recalled strollers violate the federal carriages and strollers safety standard. the location of the restraint system creates a large gap between the restraint and the seat. the child can slip through the gap, posing a fall hazard. in addition, the covering on the grab bar can detach and expose foam, posing a choking hazard to children.	Consumers should immediately stop using the recalled strollers and contact Island Wear for instructions on how to receive a full refund.
20-133	USA	<b>Field &amp; Stream safety ropes</b>  (Country of Origin: <b>China</b> )		<b>Fall And Injury</b> the ropes can fail when used in freezing conditions, posing fall and injury hazards.	Consumers should immediately stop using the recalled ropes and return them to any DICK’S Sporting Goods or Field & Stream store if purchased at those stores or at Sportsman’s Warehouse store if purchased there. Consumers with a receipt will receive a full refund and consumers without a receipt will receive a store credit of the purchase price.
20-135	USA	<b>Miniware Teething Spoons</b>  (Country of Origin: <b>Taiwan</b> )		<b>Choking</b> the teething spoon can break in a child’s mouth when being used as a teether, posing a choking hazard to infants.	Consumers should stop using the recalled teething spoons immediately and contact Bonnsu for a free replacement product.

20-752	USA	<p><b>Brighton, Travis and Bevelle dressers</b></p> <p>(Country of Origin: <b>Indonesia</b>)</p>		<p><b>Over And Entrapment</b> the recalled dressers are unstable if the mirror is not installed, posing serious tip-over and entrapment hazards that can result in death or injuries to children. the dressers do not comply with one of the performance requirements of the u.s. voluntary industry standard (astm 2057-17). the tip-over restraint kits do not comply with the performance requirements of the u.s. voluntary industry standard (f3096-14).</p>	<p>Consumers should always keep children away from dresser until repair is completed. Contact Modus for a free compliant replacement tip-over restraint kit and to request a one-time, free in-home installation of the kit. Modus Furniture is contacting all known purchasers directly.</p>
20-753	USA	<p><b>Baby Strollers</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Entrapment And Strangulation</b> the recalled strollers violate the federal standard for carriages and strollers. a child's torso can pass through the opening between the activity tray and the seat bottom and his/her head can become entrapped, posing entrapment and strangulation hazards. the location of the crotch restraint creates a large opening between the seat bottom and the restraint, posing a fall hazard to children.</p>	Refund

## CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a "one stop shop" for U.S. Government recalls, [www.recalls.gov](http://www.recalls.gov), has been created. Publics can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted, voluntarily by the company, under CPSC's Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

## Recall Summary – Australia Toys / Children’s Products

ACCC Recall List (Jun 2020)

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2020/18249	Australia	<b>Convertible high chair with infant recliner, chair and table functionalities</b>		Excessive rocking of the high chair may lead to cracks in the chair legs, which may break.	Consumers should cease using the product and check if their product is affected by checking the manufacturing date and presence of an ‘R’ mark on the hinge hubs of the legs. If the Cocoon was manufactured in July 2018 or before and does not have an ‘R’ mark, then it is affected.

## Australian Product Safety System

The Australian product safety system is to maximize the safety of good by the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritizing and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on the website <https://www.productsafety.gov.au/recalls>.

STC (Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 50 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but not limited to:

### EU Requirements

- EN 71
- Phthalates (EC) no. 1907/2006
- Nickel Release (EC) no. 1907/2006
