

## Recall Summary – European Toys

*EU Safety Gate Alerts (Jul 2022)*

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A11/00076/22	Ireland	<b>Plastic Toy with LED</b>  (Country of Origin: <b>China</b> )		<b>Damage to Sight</b> The laser beam located in the LED light at one end of the toy is too powerful (0.49mW at a distance of 8 cm). Direct viewing of the laser beam could cause damage to sight. The product does not comply with the requirements of the Toy Safety Directive and the European standards EN 60825-1 and EN 62115.	Withdrawal of the product from the market
A11/00077/22	Germany	<b>Plastic Toy</b>  (Country of Origin: <b>Unknown</b> )		<b>Choking</b> A small part (the squeaking mechanism) can easily detach. A child may put it in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/00903/22	Czechia	<b>Battery-operated Toy</b>  (Country of Origin: <b>China</b> )		<b>Environment</b> The solder joint has an excessive concentration of lead (measured value: up to 75.6% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Stop of sales
A12/00904/22	Germany	<b>Toy Gun with Arrows</b>  (Country of Origin: <b>Unknown</b> )		<b>Choking</b> The arrows' suction cups can be easily detached. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market

A12/00905/22	Czechia	<b>Battery-operated Toy</b>  (Country of Origin: <b>Czechia</b> )		<b>Environment</b> The solder joint in the toy has an excessive concentration of lead and cadmium (measured values: up to 79.1% and 0.0339% by weight respectively). Lead and cadmium pose a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Recall of the product from end users
A12/00909/22	Norway	<b>Children's Sleep Bag</b>  (Country of Origin: <b>China</b> )		<b>Suffocation</b> The neck opening of the footmuff is too large in relation to the child height/age. This can increase the risk of the baby to slip inside the sleep bag which could cover mouth and nose and cause suffocation. The product does not comply with the requirements of the General Product Safety Directive and the European standard EN 16781.	Recall of the product from end users
A12/00911/22	Germany	<b>Toy Gun with Arrows</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The arrows' suction cups can be easily detached. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/00921/22	Czechia	<b>Battery-operated Toy Car</b>  (Country of Origin: <b>China</b> )		<b>Environment</b> The solder joint has an excessive concentration of lead (measured value: up to 70% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Withdrawal of the product from the market

A12/00934/22	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains an excessive amount of bis (2-ethylhexyl) phthalate (DEHP) (measured value: up to 12.4% by weight). This phthalate may harm the health of children, possibly causing damage to the reproductive system. The product does not comply with the REACH Regulation.	Warning consumers of the risks
A12/00935/22	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The doll contains an excessive concentration of bis (2-ethylhexyl) phthalate (DEHP) (measured value: up to 14.9% by weight). This phthalate may harm the health of children, possibly causing damage to their reproductive system. The product does not comply with the REACH Regulation.	Warning consumers of the risks
A12/00937/22	Estonia	<b>Plastic Doll Set</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the dolls contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value: up to 28.3% by weight). This phthalate may harm the health of children, possibly causing damage to their reproductive system. The product does not comply with the REACH Regulation.	Ban on the marketing of the product and any accompanying measures
A12/00961/22	Czechia	<b>Toy Gun</b>  (Country of Origin: <b>China</b> )		<b>Environment</b> The solder joint in the toy has an excessive concentration of lead (measured value: up to 76.1% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Withdrawal of the product from the market

A12/00962/22	Estonia	<b>Stacking Toy</b>  (Country of Origin: <b>Poland</b> )		<b>Choking</b>  The eyes of the dog-shaped sphere on the top of the toy pyramid can easily detach, generating small parts. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71.	Recall of the product from end users
A12/00963/22	Poland	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Injury</b>  The toy is made of small parts (balls) with a high magnetic flux. If a child swallows them, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/00964/22	Poland	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Injury</b>  The toy is made of small parts (balls) with a high magnetic flux. If a child swallows them, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Destruction of the product
A12/00965/22	Poland	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Injury</b>  The toy is made of small parts (balls) with a high magnetic flux. If a child swallows them, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Warning consumers of the risks

A12/00972/22	Hungary	<b>Plastic Swing</b>  (Country of Origin: <b>Hungary</b> )		<b>Injury</b> The ropes can be fixed to the swing seat with knots that may easily loosen. A child may fall and suffer injury. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-8.	Withdrawal of the product from the market
A12/00986/22	Poland	<b>Plastic Ball</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy has an excessive concentration of diisobutyl phthalate (DIBP) (measured value: up to 27.5% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/00996/22	Poland	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Injury</b> The toy is made of small parts (balls) with a high magnetic flux. If a child swallows them, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/00997/22	Cyprus	<b>Plastic Dolls with Accessories</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The head of the doll contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: up to 30.5% by weight). In addition, the doll's shoes contain 1.73% by weight of bis (2-ethylhexyl) phthalate (DEHP) and 0.2% by weight of Di-(butyl) phthalate (DBP). These phthalates may harm the health of children, possibly causing damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market

A12/00998/22	Cyprus	<b>Plastic Doll</b>  (Country of Origin: <b>Unknown</b> )		<b>Chemical</b>  The plastic material of the doll contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured values: up to 31.25% by weight). This phthalate may harm the health of children, possibly causing damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01006/22	Czechia	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Choking, Injury</b>  The toy is made of small parts (balls) with a high magnetic flux. A child may put them in the mouth and ingest them, which may lead to choking if they enter the airways. If various are swallowed, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/01008/22	France	<b>Soft Toy</b>  (Country of Origin: <b>Indonesia</b> )		<b>Choking</b>  Small parts (the pull of the zipper on the belly of the toy) can easily detach from the toy. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/01009/22	Slovenia	<b>Safety Bedrail</b>  (Country of Origin: <b>China</b> )		<b>Injury</b>  Due to the use of inappropriate material, the bed guard may not function properly and the locking mechanism does not prevent the movement of the hinge even though it is locked. A child may fall off the bed, which may cause injury. The product does not comply with the requirements of General Product Safety Directive.	Recall of the product from end users

A12/01010/22	Slovenia	<b>Safety Bedrail</b>  (Country of Origin: <b>China</b> )		<b>Injury</b> Due to the use of inappropriate material, the bed guard may not function properly and the locking mechanism does not prevent the movement of the hinge even though it is locked. A child may fall off the bed, which may cause injury. The product does not comply with the requirements of General Product Safety Directive.	Recall of the product from end users
A12/01011/22	Slovenia	<b>Safety Bedrail</b>  (Country of Origin: <b>China</b> )		<b>Injury</b> Due to the use of inappropriate material, the bed guard may not function properly and the locking mechanism does not prevent the movement of the hinge even though it is locked. A child can fall off the bed, which may cause injury. The product does not comply with the requirements of General Product Safety Directive.	Recall of the product from end users
A12/01017/22	Poland	<b>Soft Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (eyes) may easily detach from the toy. A child may put small parts in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71.	Withdrawal of the product from the market
A12/01023/22	Finland	<b>Soap Bubble Stick</b>  (Country of Origin: <b>Unknown</b> )		<b>Microbiological</b> The total count of aerobic mesophilic bacteria in the toy is too high (measured value: up to 470,000 CFU). There is a risk of contracting infection as the solution may come in contact with the mouth, hands and eyes. The product does not comply with the requirements of the Toy Safety Directive.	Destruction of the product

A12/01026/22	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains bis(2-ethylhexyl) phthalate (DEHP) (measured value: up to 4.89% by weight). This phthalate may harm the health of children, possibly causing damage to the reproductive system. The product does not comply with the REACH Regulation.	Warning consumers of the risks
A12/01027/22	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains bis(2-ethylhexyl) phthalate (DEHP) (measured value: up to 36.9% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01029/22	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains bis(2-ethylhexyl) phthalate (DEHP) (measured value: up to 34.2% by weight). This phthalate may harm the health of children, possibly possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Destruction of the product
A12/01030/22	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains bis(2-ethylhexyl) phthalate (DEHP) (measured value: up to 11% by weight). This phthalate may harm the health of children, causing possible damage to the reproductive system. The product does not comply with the REACH Regulation.	Warning consumers of the risks
A12/01049/22	The Netherlands	<b>Plush Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (eyes) can easily detach from the toy. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive.	Recall of the product from end users

A12/01051/22	Austria	<b>Puffer Toy</b>  (Country of Origin: <b>Unknown</b> )		<b>Choking</b> Small parts (the bow and the arms) can easily detach from the toy. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Destruction of the product
A12/01052/22	Cyprus	<b>Children's Head Band</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The battery compartment can be easily opened/broken, leaving the button batteries accessible. A child could swallow them, which could cause damage to the child's gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Withdrawal of the product from the market
A12/01053/22	Cyprus	<b>Children's Head Band</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The battery compartment can be easily opened/broken, leaving the button batteries accessible. A child could swallow them, which could cause damage to the child's gastrointestinal tract. The product does not comply with the requirements of the Toy Safety Directive and the relevant European standard EN 62115.	Withdrawal of the product from the market
A12/01054/22	Cyprus	<b>Plastic Dolls</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The head of the three dolls contains up to 32.15% by weight of bis(2-ethylhexyl) phthalate (DEHP). This phthalate may harm the health of children, possibly causing damage to the reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market

A12/01056/22	Cyprus	<b>Plastic Baby Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the doll contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value: up to 24.44% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01063/22	Czechia	<b>Battery-operated Toy</b>  (Country of Origin: <b>China</b> )		<b>Environment</b> The solder joint in the toy has an excessive concentration of lead (measured value: up to 63.9% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Withdrawal of the product from the market
A12/01070/22	Finland	<b>Plush Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The plush toy has small parts (eyes). A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Import rejected at border
A12/01074/22	Austria	<b>Soft Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts can easily detach (ears) from the toy. Consequently, a child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71.	Stop of sales

A12/01079/22	Czechia	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Injury</b> The toy is made of small parts (balls) with a high magnetic flux. If a child swallows them, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/01080/22	Czechia	<b>Magnetic Balls</b>  (Country of Origin: <b>China</b> )		<b>Injury</b> The toy is made of small parts (balls) with a high magnetic flux. If a child swallows them, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
A12/01087/22	The Netherlands	<b>Toy Set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> A small part of the activity shape with the green flower could become detached. The toy can easily break, resulting in small parts. A child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Recall of the product from end users
A12/01090/22	Lithuania	<b>Toy Aeroplane</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (the wheels and stickers with plastic film) can easily detach from the toy. Consequently, a child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market

A12/01098/22	Czechia	<b>Magnetic Balls</b>  (Country of Origin: <b>Poland</b> )		<b>Choking, Injury</b> The toy is made of small parts (balls) with a high magnetic flux. A child may put them in the mouth and ingest them, which may lead to choking if they enter the airways. If various are swallowed, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market
INFO/00112/22	Lithuania	<b>Soft Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (metal pendant) can easily detach from the toy. Consequently, a child may put them in the mouth and choke. The product does not comply with the requirements of the Toy Safety Directive and the European standard EN 71-1.	Withdrawal of the product from the market

### Safety Gate: the EU rapid alert system for dangerous non-food products

“Safety Gate”, the EU rapid alert system (formerly known as “RAPEX”), enables the rapid exchange of information between **31 European countries** and the European Commission on non- food dangerous products found on the market posing a risk to health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <https://ec.europa.eu/safety-gate-alerts/screen/webReport#weeklyReports>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities (“compulsory measures”) or be taken directly by producers and distributors (“voluntary measures”).

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive (**2001/95/EC**) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

## Recall Summary – US Toys / Children’s Products

**CPSC Recall List (Jul 2022)**

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
22-181	USA	<b>Shake Look Touch Books</b>  (Country of Origin: <b>China</b> )		<b>Choking Hazard</b> Scholastic recalls Shake Look Touch Books due to choking hazard. The pom poms on the book can detach, posing a choking hazard to young children.	Consumers should immediately take the book away from young children and cut the pom poms off the book. They can participate in the recall and receive a \$10 gift card by registering online at <a href="http://www.recallrtr.com/slt">www.recallrtr.com/slt</a> .
22-188	USA	<b>Baby Mirror Activity Toys</b>  (Country of Origin: <b>Denmark</b> )		<b>Laceration Hazard</b> Silicone Baby Toy Bear Activity Toys were recalled due to laceration hazard. The mirror can come out of the silicone bear cover if pushed, exposing sharp edges of the mirror, posing a laceration hazard to children.	Consumers should immediately take the toy away from children, stop using the recalled Konges Sløjd Baby Mirror Activity Toy and contact Konges Sløjd for a full refund.
22-192	USA	<b>Kidoozie™ Play Tents and Playhouses</b>  (Country of Origin: <b>China</b> )		<b>Flammability Risk and Burn Hazard</b> Epoch Everlasting Play recalls Kidoozie Play Tents and Playhouses due to flammability risk and burn hazard. The fabric playhouses and play tents fail to meet an industry flammability standard for these products, posing a risk of burn injury to children.	Consumers should immediately take the recalled playhouses and play tents away from children, stop using them and contact Epoch Everlasting Play for a full refund or free replacement product.

22-759	USA	<b>Monti Kids Toy Box with Bins</b>  (Country of Origin: <b>Vietnam</b> )		<b>Choking Hazard</b> Monti Kids recalls Toy Box with Bins due to choking hazard. A small dowel can become exposed and detach from the toy box, posing a choking hazard to young children.	Consumer should immediately stop using the recalled Box with Bins and contact Monti Kids for instructions to receive a \$35 refund. The firm is contacting all known purchasers directly.
22-765	USA	<b>NUK First Choice 240 mL Glass Baby Bottles</b>  (Country of Origin: <b>Germany</b> )		<b>Violation of the Federal Lead Content Ban</b> First Choice Glass Baby Bottles were recalled by NUK due to violation of the federal lead content ban. The markings on the outside of the bottles contain levels of lead that exceeds the federal lead content ban. Lead is toxic if ingested by children and can cause adverse health issues.	Consumers should immediately stop using the recalled glass baby bottles. Contact NUK for information on how to return the recalled baby bottle and receive a full refund. Consumers can register for a kit to return the baby bottles for free at <a href="http://www.recall.nuk-usa.com">www.recall.nuk-usa.com</a> . Astir Care (Amazon seller) is contacting all known purchasers directly.

## CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, [www.recalls.gov](http://www.recalls.gov), has been created. Publics can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted, voluntarily by the company, under CPSC’s Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

## Recall Summary – Australia Toys / Children’s Products

*ACCC Recall List (Jul 2022)*

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2022/19510	Australia	<b>Wooden Toy Playhouse</b> <b>Set:</b> 3 Wooden Balls Wooden Hammer 7 Wooden Shapes 0-9 Wooden Numbers		<b>Choking or Suffocation Hazard</b> The product does not comply with the mandatory safety standard for toys for children up to and including 36 months of age. The small parts may pose a choking or suffocation hazard for children, which can lead to severe injury or death.	Consumers should immediately stop using the product and return it to the place of purchase for a refund.
2022/19511	Australia	<b>Fantastic Sea Ocean Series Dolphin Swimming Bath Toy</b>		<b>Choking or Suffocation Hazard</b> The product does not comply with the mandatory safety standard for toys for children up to and including 36 months of age. The product can release small parts. Small parts may pose a choking or suffocation hazard for children, which can lead to severe injury or death.	Consumers should stop using the product and store it out of the reach of children. Consumers should return the product to the place of purchase for a full refund.
2022/19512	Australia	<b>Wooden Bead Octagon Toy</b> <b>Set:</b> 10 different puzzles and activities 2 dice and 16 tokens 4 animal shape blocks and 3 shape blocks		<b>Choking or Suffocation Hazard</b> The product does not comply with the mandatory safety standard for toys for children up to and including 36 months of age. The small parts may pose a choking or suffocation hazard for children, which can lead to severe injury or death.	Consumers should immediately stop using the product and return it to the place of purchase for a refund.

2022/19517	Australia	<p><b>Little Tikes 3-in-1 Activity Walker</b></p> <p>Batch Numbers: V40J091H, V40J271 and V40K271H only</p> <p>The Batch Number is found on the underside of the walker close to the battery compartment</p>		<p><b>Risk of Injury</b></p> <p>The locking pins to keep the A-frame shape of the walker may disengage. If the locking pin disengages while the walker is in use, it may collapse causing a child to fall, increasing the risk of an injury.</p>	<p>Consumers should check their walker to see if it is from one of the affected batches and if so, immediately stop using the product.</p>

### Australian Product Safety System

The Australian product safety system is to maximize the safety of good by the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritizing and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on the website <https://www.productsafety.gov.au/recalls>.

STC (Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and nearly 60 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but not limited to:

### EU Requirements

- EN 71
- Phthalates (EC) no. 1907/2006
- Nickel Release (EC) no. 1907/2006
- Total Cadmium (EEC) no. 91/338
- Lead in Jewellery product (EC) no. 836/2012
- Azo-dye (EC) no. 1907/2006
- Bisphenol-A (2014/81/EU)
- DMF (Dimethylfumarate) (EU) no. 2011/135
- Flame retardants TCEP, TCPP, TDCP (2014/79/EU)
- Package Waste Directive (94/62/EC)

### US & Canada Requirements

- ASTM F963
- CPSIA
- California Proposition 65
- 16 CFR 1501
- ASTM F2923 (Children's jewellery)
- ASTM F2999 (Adult's jewellery)
- US Toxic in Packaging Clearinghouse (TPCH)
- CCPSA - Toys Regulations (SOR/2011-17)

### Japan Requirements

- Japan Toy Safety Standard (ST)
- Japan Food Sanitation Law (JFSL)

### Australia Requirements

- AS/NZS 8124
- Consumer Protection Notice No. 6 of 2010 - DEHP
