

## EN 14350:2020+A1:2023 Published to Amend EN 14350:2020 “Children's Drinking Equipment”

On 9 August 2023, the European Committee for Standardization (CEN) published EN 14350:2020+A1:2023 “**Child care articles – Drinking equipment – Safety requirements and test methods**”, which supersedes EN 14350:2020/prA1 and EN 14350:2020.

This document specifies safety requirements relating to the materials, construction, performance, packaging and product information for the following drinking equipment intended for children from 0 to 48 months of age:

- Re-usable containers and re-usable drinking accessories;
- Single-use containers and drinking accessories sold with these containers;
- Single-use feeding teats;
- Ready to use feeding teats.

Citation expected for General Product Safety Directive (2001/95/EC).

### Substantial Changes

#### 1. Specified version of standards to be used, includes:

Standard	Title
EN 71-3:2019+A1:2021	Migration of certain elements
EN 12868:2017	Child use and care articles – Release of N-nitrosamines and N-nitrosatable substances from elastomer or rubber teats and soothers
EN 60454-2:2007	Pressure-sensitive adhesive tapes for electrical purposes – Part 2: Methods of test (IEC 60454-2 :2007)
EN ISO 3696:1995	Water for analytical laboratory use – Specification and test methods (ISO 3696:1987)

#### 2. Added a new Annex ZA

This is an informative Annex, indicating that the standard provides a voluntary means of conforming to the “General Product Safety Directive” (2001/95/EC) which will be repealed by the Regulation (EU) 2023/988 (General Product Safety Regulation (GPSR) from 13 December 2024.

### Effective Date:

Date	Date of	Latest date by which
2023-11-30	Announcement (DOA)	The existence of this EN has to be announced at national level
2024-02-29	Publication (DOP)	This EN has to be implemented at national level by publication of an identical national standard or by endorsement
2024-08-31	Withdrawal (DOW)	National standards conflicting with this EN have to be withdrawn
