

## Recall Summary – European Toys

### EU Safety Gate Alerts (Jun 2024)

Alert No.	Notifying Country	Product	Product Photo	Hazard / Risk	Measures Adopted
A12/01466/24	France	<b>Toy train</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy has small parts (wheels, hooks and eye catches), which can be easily detached. A small child can put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/01467/24	France	<b>Soother holder</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The soother holder does not have the required ventilation holes. Small children can put the soother holder in their mouth and choke. The product does not comply with the requirements of the General Safety Directive nor with European standard EN 12586.	Recall of the product from end users
A12/01468/24	Poland	<b>Plastic ball</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains an excessive amount of dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP) (measured values up to 19.5% and 1.45% by weight respectively). These phthalates may harm the health of children, possibly causing damage to their reproductive system. The product does not comply with the REACH Regulation.	Warning consumers of the risks
A12/01470/24	France	<b>Toy rattle</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy has small parts (metal bells), that can easily detach. A child can put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market

A12/01471/24	France	<b>Teething ring</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The teething ring has a protruding part that can get stuck in the mouth of a small child, causing choking. The product does not comply with the requirements of the Toy Safety Directive, nor with the European standard EN 71-1.	Recall of the product from end users
A12/01472/24	France	<b>Soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy contains small parts (nose and pompoms) which can easily detach. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive, nor with the European standard EN 71-1.	Recall of the product from end users
A12/01473/24	Poland	<b>Plastic swing</b>  (Country of Origin: <b>Poland</b> )		<b>Injuries</b> The swing is not sufficiently resistant to load. As a consequence, under load the seat may separate from the rope and the child may fall off the swing and suffer injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-8.	Warning consumers of the risks
A12/01474/24	Hungary	<b>Plastic baby doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The doll contains an excessive amount of di-2-ethylhexyl phthalate (DEHP) (measured value up to 22% by weight) and dibutyl phthalate (DBP) (measured value up to 0.28% by weight). These phthalates may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Recall of the product from end users
A12/01476/24	Cyprus	<b>Toy set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The suction cups of the projectiles can easily detach. A child could put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market

A12/01477/24	Lithuania	<b>Toy dog</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy dog has small parts (nose, eye, bell) that can easily detach. Small children may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/01480/24	Poland	<b>Plastic swing</b>  (Country of Origin: <b>Ukraine</b> )		<b>Entrapment, Injuries</b> The product has accessible openings and holes, in which children can become trapped or suffer injuries. The swing seat is attached to the rope by knots, which may loosen and cause a child to fall off the swing. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-8.	Withdrawal of the product from the market
A12/01486/24	Lithuania	<b>Toy rabbit</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy rabbit has a small part (carrot) that can easily detach. Small children may put it in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/01491/24	Lithuania	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the doll contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 3.98% by weight), benzyl butyl phthalate (BBP), diisobutyl phthalate (DIBP) and dibutyl phthalate (DBP) (measured value up to 0.29% by weight). These phthalates may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01510/24	Lithuania	<b>Toy pushchair</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The pushchair has only one safety lock and is not sufficiently resistant to load. As a consequence, it can easily collapse and a child playing with the pushchair may fall to the ground and suffer injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market

A12/01511/24	Poland	<b>Toy telephone</b>  (Country of Origin: <b>China</b> )		<b>Damage to hearing</b> The sound pressure level produced by the toy is too high (measured value up to 68 dB). This could lead to permanent or partial hearing loss. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Warning consumers of the risks
A12/01526/24	Hungary	<b>Plastic bath toy set</b>  (Country of Origin: <b>China</b> )		<b>Choking, Damage to hearing</b> The bath toys have small parts (squeaking elements) that can easily detach. Small children may put them in their mouth and choke. Moreover, the sound pressure level of the toy is too high (measured value up to 114.5 dB). This could lead to permanent or partial hearing loss. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/01533/24	Czechia	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The doll contains an excessive amount of di-2-ethylhexyl phthalate (DEHP) (measured value up to 38.3% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The products does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01536/24	Austria	<b>Toy trumpet</b>  (Country of Origin: <b>Italy</b> )		<b>Choking</b> Small parts of the toy may easily detach (decorative buttons). A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/01537/24	Hungary	<b>Toy pushchair</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The toy pushchair is not sufficiently resistant to load. As a consequence, it can easily collapse and a child playing with the pushchair may fall to the ground and suffer injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Import rejected at border

A12/01540/24	Finland	<b>Keyring with soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The keyring attached to the plush toy can be easily detached. Small children may put it in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Recall of the product from end users
A12/01544/24	Hungary	<b>Toy pushchair</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The toy pushchair is not sufficiently resistant to load. As a consequence, it can easily collapse and a child playing with the pushchair may fall to the ground and suffer injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Import rejected at border
A12/01558/24	The Netherlands	<b>Playpen</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The frame of the playpen bends when loaded, which results in a reduced height of the sides. This may allow children to climb on top of the fence and fall over the edge, leading to a risk of injury. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 12227.	Withdrawal of the product from the market
A12/01559/24	The Netherlands	<b>Baby walker</b>  (Country of Origin: <b>The Netherlands</b> )		<b>Injuries</b> The baby walker has no proper protection against falls from stairs, and can consequently fall down the stairs during use, leading to injuries to a child. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 1273.	Recall of the product from end users
A12/01564/24	Germany	<b>Craft kit</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The figures in the toy have an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 37.7% by weight). This phthalate may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Recall of the product from end users

A12/01591/24	Sweden	<b>Electric toy horse</b>  (Country of Origin: <b>China</b> )		<b>Environment</b> The solders have an excessive concentration of lead (measured value up to 82% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Withdrawal of the product from the market
A12/01593/24	Czechia	<b>Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the doll contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 29.7% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01594/24	Lithuania	<b>Toy gun set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy has small parts (green plastic whistle). A small child could put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/01598/24	The Netherlands	<b>Playpen</b>  (Country of Origin: <b>China</b> )		<b>Choking, Injuries, Strangulation</b> The presence of holes in the panels may allow children to climb on top of the fence and fall over the edge, leading to a risk of injury. Clothes or objects, especially those attached to cords, can be caught in protruding parts of the product, increasing the risk of strangulation. The battery cover of the music box in the playpen can easily detach. Small children may put the batteries in their mouth and choke. The product does not comply with the requirements of the General Product Safety Directive nor with the European standards EN 71-1, EN 12227, EN 1930 and EN 62115.	Withdrawal of the product from the market

A12/01599/24	Sweden	<b>Basketball set for trampoline</b>  (Country of Origin: <b>China</b> )		<b>Injuries, Strangulation</b> Anyone who jumps on the trampoline can injure their head if they jump into the basketball hoop. If textile parts of the basketball hoop break, the person jumping can become entangled, leading to injuries or strangulation. Use of a ball on the trampoline may increase the risk of injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-14.	Recall of the product from end users
A12/01606/24	France	<b>Electric toy car set</b>  (Country of Origin: <b>China</b> )		<b>Chemical, Choking</b> The battery compartment opens / breaks easily, making the batteries accessible. A child could put them into their mouth, which could cause gastrointestinal damage or lead to choking. The product does not comply with the requirements of the Toy Safety Directive nor or with the European standard EN 62115.	Recall of the product from end users
A12/01608/24	Spain	<b>Squeezable toy</b>  (Country of Origin: <b>Denmark</b> )		<b>Choking</b> Small parts (smaller balls inside the larger ball) are easily accessible. A small child may put these items in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/01611/24	Spain	<b>Soft toy</b>  (Country of Origin: <b>Hungary</b> )		<b>Choking</b> Small parts (suction cup and eye) can easily detach. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive, nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures

A12/01612/24	France	<b>Toy unicorn</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy has an excessive concentration of lead (measured value up to 75% by weight) and, in particular, in the brown plastic of the handles, which has an excessive concentration of di-'isononyl' phthalate (DINP) (measured value up to 1.9% by weight). Lead is harmful to human health, accumulates in the body, can cause developmental neurotoxicity and may affect breast-fed or unborn children. DINP may harm the health of children, causing possible damage to their reproductive system and liver. The product does not comply with the REACH Regulation.	Recall of the product from end users
A12/01620/24	Denmark	<b>Children's cutlery set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Due to the rapid degradation of their biodegradable material, the forks can easily break apart, resulting in small parts. Small children may put them in their mouth and choke. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 14372.	Recall of the product from end users
A12/01621/24	France	<b>Baby cot</b>  (Country of Origin: <b>Unknown</b> )		<b>Injuries</b> The carrying handles may break, creating a risk of the child falling, which can cause various injuries. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 1466.	Withdrawal of the product from the market
A12/01623/24	Denmark	<b>Children's spoon cutlery set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Due to the rapid degradation of their biodegradable material, the spoons can easily break apart, resulting in small parts. Small children may put them in their mouth and choke. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 14372.	Recall of the product from end users

A12/01633/24	Sweden	<b>Climbing arch / Rocking chair</b>  (Country of Origin: <b>Unknown</b> )		<b>Injuries, Strangulation</b> A child can get pinching or crushing injuries if they get their fingers or toes caught between the floor and the runner when sitting in the "rocking chair" position. In addition, there are protruding corner posts that could snag a child's clothes and cause the child to get stuck. This can lead to a strangulation risk. Additionally, when the arch is in the climbing position, the distance between the rungs poses a risk of hanging or strangulation, as children could fall through, get their head stuck, and be unable to free themselves. The product does not comply with the requirements of the Toy Safety Directive nor with the European standards EN 71-1 and EN 71-8.	Recall of the product from end users
A12/01640/24	Finland	<b>Keyring with soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (plastic eye of the plush toy) detach too easily. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Import rejected at border
A12/01648/24	Hungary	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The doll's head has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 16% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01658/24	France	<b>Toy telephone</b>  (Country of Origin: <b>China</b> )		<b>Chemical, Choking</b> The battery compartment can be easily opened without the aid of a tool, leaving the button batteries accessible. A child may put them in their mouth and choke. The button batteries could cause damage to the child's gastrointestinal tract if they are ingested. This product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 62115.	Recall of the product from end users

A12/01659/24	France	<b>Plastic toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy has a small part (tail of the caterpillar) that can easily detach. Small children may put it in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Recall of the product from end users
A12/01665/24	France	<b>Toy rattle</b>  (Country of Origin: <b>China</b> )		<b>Choking, Cuts, Injuries</b> The toy has small parts (metal bells), that can easily detach. A child can put them in their mouth and choke. The bells in the toy present sharp edges, which can cause cuts or injuries to a child. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Recall of the product from end users
A12/01668/24	Lithuania	<b>Toy gun set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy has small parts (plastic projectiles). Small children may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/01678/24	Ireland	<b>Soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> A small part (gold star decoration) detaches too easily. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Recall of the product from end users
A12/01686/24	Sweden	<b>Basketball set for trampoline</b>  (Country of Origin: <b>Unknown</b> )		<b>Injuries</b> Jumping on the trampoline can cause injuries to the user's head and arms if accidentally jumping into the basketball hoop. Hanging from the basketball hoop or using balls on a trampoline can also cause injuries. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-14.	Recall of the product from end users

INFO/00083/24	Ireland	<b>Baby nest</b>  (Country of Origin: <b>China</b> )		<b>Suffocation</b>  The baby nest does not have a firm flat surface. The baby's mouth and/or nose may get covered with the side of the baby nest while sleeping, which can lead to suffocation. The product does not comply with the requirements of the General Product Safety Directive.	Withdrawal of the product from the market

## Safety Gate: the EU rapid alert system for dangerous non-food products

“Safety Gate”, the EU rapid alert system (formerly known as “RAPEX”), enables the rapid exchange of information between **31 European countries** and the European Commission on non-food dangerous products found on the market posing a risk to the health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <https://ec.europa.eu/safety-gate-alerts/screen/webReport#weeklyReports>. The measures taken in the notifying country in order to restrict such products’ marketing or use can be ordered by national authorities (“compulsory measures”) or be taken directly by producers and distributors (“voluntary measures”).

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive (**2001/95/EC**) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

## Recall Summary – US Toys / Children’s Products

**CPSC Recall List (Jun 2024)**

Recall No.	Notifying Country	Product	Product Photo	Hazard / Risk	Remedy
24-258	USA	<b>Sling Carriers</b>  (Country of Origin: <b>China</b> )		<p><b>Suffocation and Fall Hazards</b>            Sling Carriers Recalled Due to Infant Suffocation and Fall Hazards; Violation of the Federal Safety Regulation for Sling Carriers; Sold on Walmart.com through Joybuy Marketplace Express</p> <p>The recalled sling carriers violate the safety requirements of the Safety Standard for Sling Carriers, including requirements for structural integrity and occupant retention, posing a fall hazard to babies. Additionally, the sling carriers pose a suffocation hazard because they fail to meet the federal safety standard’s requirements for restraint systems, as the waist restraint can be used without the crotch restraint. Further, there are no warnings or instructional literature providing information to caregivers about keeping the baby’s face clear to prevent suffocation or safe positioning, to prevent the baby from curling into a position with their chin resting on or near their chest. Sling carriers manufactured after January 30, 2018 are subject to the mandatory federal safety standard.</p>	<p>Consumers should immediately stop using the recalled sling carriers and contact Joybuy Marketplace Express for instructions on how to properly dispose of the product and receive a full refund. Joybuy Marketplace Express and Walmart are notifying all known purchasers directly.</p>

24-265	USA	<p><b>1 Set Puzzle “Magnetic”, “Magnetism”, or “Magnetism Intelligence Strategy Game” Magnetic Battle Chess Games</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Ingestion Hazard</b></p> <p>Magnetic Chess Games Recalled Due to Ingestion Hazard; Violation of Federal Regulations for Toy Magnets; Sold Exclusively on Temu.com through Outad Good Life</p> <p>The recalled magnetic chess games, which include 20 magnet pieces, violate the mandatory federal toy magnet regulation because the set contains one or more magnets that fit within CPSC’s small parts cylinder, and the magnets are stronger than permitted. When high-powered magnets are swallowed, the ingested magnets can attract each other, or another metal object, and become lodged in the digestive system. This can result in perforations, twisting and/or blockage of the intestines, infection, blood poisoning and death.</p>	<p>Consumers should stop using the recalled magnetic chess games immediately, take them away from children, and contact Outad Good Life for instructions on how to receive a full refund. Consumers can also visit their Temu account, find the relevant order in “Your Orders” and click on the “Return/Refund” button. Follow the detailed instructions on the Return and Refund Policy page on Temu.com to receive a return shipping label to send back the recalled products for free. Outad Good Life is notifying all known purchasers directly.</p>
24-266	USA	<p><b>Beaumont Plus ST Bikes with Disc Brakes</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Crash and Injury Hazards</b></p> <p>Retrospec Recalls Beaumont Plus ST Bikes with Disc Brakes Due to Crash and Injury Hazards</p> <p>The front disc brake rotor and brake pads can be misaligned, which can cause brake failure, posing crash and injury hazards.</p>	<p>Consumers should immediately stop using the recalled bicycles and take them to the authorized dealer where purchased, or visit <a href="https://retrospec.com/pages/dealer-locator/">https://retrospec.com/pages/dealer-locator/</a> for free installation of a new front fork.</p>

24-274	USA	<p><b>Theefun Kids Gardening Tools Sets</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Violation of the Federal Phthalates</b></p> <p>Thousandshores Recalled Theefun Kids Gardening Tools Sets Due to Violation of the Federal Phthalates Ban; Sold Exclusively on Amazon</p> <p>The brown handle strings contain levels of phthalates that exceed the federal phthalate ban. Phthalates are toxic if ingested by young children and can cause adverse health effects.</p>	<p>Consumers should immediately take these recalled toy gardening tools sets away from young children, and contact Thousandshores to receive a full refund. Consumers should cut off the brown handle strings from the gardening tools and dispose of them in accordance with local and state recycling laws. Thousandshores and Amazon are contacting all known purchasers directly.</p>
24-281	USA	<p><b>Miniverse Make It Mini Sets with Liquid Resins</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Hazard</b></p> <p>MGA Entertainment Recalls Miniverse Make It Mini Sets with Unused Liquid Resins Due to Risk of Skin, Eye and Respiratory Irritation and Sensitization; Violation of the Federal Hazardous Substances Act</p> <p>The recalled Make It Mini sets contain resins that, when liquid, can cause skin, eye, and respiratory irritation or sensitization when inhaled, touched, or ingested by children or adults. The resins contain acrylates (hydroxyethylmethacrylate “HEMA” and isobornyl acrylate “IBOA”) in amounts prohibited in children’s products by the Federal Hazardous Substances Act. After the resins cure, they no longer present this hazard.</p>	<p>Consumers should immediately stop using any units with unused resins and contact MGA to receive a pre-paid label to return either: (a) the entire product, including the unused resin, if the product has not been opened, or (b) the unused resins and a photograph of the product if the product has been opened. Consumers will receive a full refund or replacement product, at the consumer’s choice.</p>

24-283	USA	<p><b>Co-op Cycles REV 12-, 16-, or 20-inch Kid's Bicycles with Training Wheels (all model years 2022-2024)</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Fall and Injury Hazards</b></p> <p>REI Recalls Co-op Cycles REV Children's Bicycles with Training Wheels Due to Fall and Injury Hazards</p> <p>The training wheel assembly knob can loosen and detach from the bicycle, posing fall and injury hazards to the riders.</p>	<p>If training wheels are being used, consumers should immediately stop using the recalled bicycle, and contact their local REI store to schedule a free repair that includes replacement training wheel attachments. If it is not possible to visit an REI store, contact REI for a free repair kit to be shipped. If the bicycle is being ridden without training wheels, customers can continue using the bicycle.</p>
24-284	USA	<p><b>Tie Dye Fur Toy Trunk Storage Chests</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Entrapment and Suffocation Hazards</b></p> <p>At Home Procurement Recalls Toy Trunk Storage Chests Due to Entrapment and Suffocation Hazards</p> <p>The toy trunk storage chests do not contain a lid support feature or ventilation holes, posing entrapment and suffocation hazards.</p>	<p>Consumers should immediately stop using the recalled toy storage chests, and return them to any At Home store for a full refund.</p>

24-744	USA	<p><b>Hayden Bookcase</b></p> <p>(Country of Origin: <b>Italy</b>)</p>		<p><b>Tip-Over and Entrapment Hazards</b></p> <p>Dania Furniture Recalls Hayden Bookcase Due to Tip-Over and Entrapment Hazards; 4-Year-Old Child Died from Tip-Over (Recall Alert)</p> <p>The recalled bookcase is unstable if it is not anchored to the wall, posing tip-over and entrapment hazards that can result in death or serious injuries to children.</p>	<p>Consumers should immediately stop using the recalled bookcase, if it is not anchored to the wall, and place it in an area that children cannot access. Contact Dania Furniture to set up a free in-home installation of a tip-over restraint kit. If mounting / anchoring services cannot be completed for any reason, or if consumers would prefer a refund, Dania Furniture will provide a full refund of the purchase price of the recalled bookcase to consumers upon its return, and arrange for the pickup and/or disposal of the recalled bookcase. Dania Furniture is also contacting all known purchasers directly.</p>

## CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States Government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, <http://www.recalls.gov>, has been created. Members of the public may report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall is conducted voluntarily by the company under CPSC’s Fast Track Recall program. Fast Track recalls are initiated by firms who are committed to working with CPSC to quickly announce the recall and remedy to protect consumers.

## Recall Summary – Australia Toys / Children’s Products

*ACCC Recall List (Jun 2024)*

PRA No.	Notifying Country	Product / Description	Product Photo	Hazard / Risk	Remedy
2024/20198	Australia	<p><b>Secret Message U.V. Light Pens:</b></p> <p>Set of pens containing one red and one blue pen. Pens include UV light and contain button batteries. SKU: 26178</p> <p><b>Mini LED Keyring light:</b></p> <p>Novelty lightbulb shaped keyring. Contains a button battery. ## Australian Product Safety System

The Australian product safety system is set up to maximize the safety of goods through the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritizing and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on the website <https://www.productsafety.gov.au/recalls>.

STC (Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 60 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but are not limited to:

### EU Requirements

- EN 71
- Phthalates (EC) no. 1907/2006
- Nickel Release (EC) no. 1907/2006
