

## Recall Summary – European Toys

### EU Safety Gate Alerts (Aug 2024)

Alert No.	Notifying Country	Product	Product Photo	Hazard / Risk	Measures Adopted
A11/00085/24	Poland	<b>Soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The fibrous stuffing material of the toy is easily accessible due to the zipper. A small child may put the filling material in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Warning consumers of the risks
A11/00095/24	Finland	<b>Plush toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The fibrous stuffing material of the toy is easily accessible due to the weakness of the seam. A small child may put the filling material in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Import rejected at border
A11/00099/24	Czechia	<b>Set of rubber ducks</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the toy has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 0.3% by weight). This phthalate may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/01973/24	Finland	<b>Soft toy set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The plush animals and hand puppets have small parts (eyes and hanging loop) that come off easily. Small children may put those small parts in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Destruction of the product

A12/01974/24	Finland	<b>Fancy-dress costume</b>  (Country of Origin: <b>China</b> )		<b>Burns</b>  The toy wig of the costume is highly flammable. A child/user risks burns to the head if it catches fire. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-2.	Destruction of the product
A12/01982/24	Bulgaria	<b>Pushchair</b>  (Country of Origin: <b>Türkiye</b> )		<b>Injuries</b>  The child restraint system can break away from the seat, leading the fasteners to detach. This can result in the child falling out of the stroller and create a risk of injury. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 1888-1.	Import rejected at border
A12/01989/24	Poland	<b>Magnetic toy</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b>  The toy is made of small elements with a high magnetic flux. If a child swallows them, they could attract one another, causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Destruction of the product
A12/01990/24	Poland	<b>Toy car</b>  (Country of Origin: <b>China</b> )		<b>Environment</b>  The solders in the product contain an excessive concentration of lead (measured value up to 0.28% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Warning consumers of the risks

A12/01992/24	Germany	<b>Head support strap</b>  (Country of Origin: <b>China</b> )		<b>Injuries, Suffocation</b> Due to the head strap, the movement of the child's head during car rides is restricted. In the event of a car accident, a child may be exposed to severe stress in the neck area, which may lead to possible neck breaks. Furthermore, the strap can slip down and cover the nose and mouth of the child causing suffocation. The product does not comply with the requirements of the General Product Safety Directive.	Recall of the product from end users
A12/01994/24	Finland	<b>Squeezable toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The rubbery hair on the surface of the toy can be easily detached. Small children may put it in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Import rejected at border
A12/01997/24	Czechia	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the doll contains an excessive amount of bis(2-ethylhexyl)phthalate (DEHP) and di-n-butylphthalate (DBP) (measured values up to 51.7% and 0.685% by weight respectively). These phthalates may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/02001/24	Czechia	<b>Plastic doll with accessories</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the toy has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 0.936% by weight). This phthalate may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/02003/24	Czechia	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the doll has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 60.4% by weight). This phthalate may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market

A12/02012/24	Finland	<b>Soft toy set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The plush toy has a small part (plastic clip), that comes off too easily. Small children may put it in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Destruction of the product
A12/02025/24	France	<b>Children's fancy-dress costume</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The material of the costume has an excessive concentration of chromium VI (measured value up to 0.78 mg/kg). Chromium (VI) is sensitising, can trigger allergic reactions and can cause cancer. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-3.	Recall of the product from end users
A12/02072/24	France	<b>Toy tambourine</b>  (Country of Origin: <b>Indonesia</b> )		<b>Choking</b> The toy tambourine has small parts (beads) that can be easily detached. Small children may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/02254/24	Denmark	<b>Drinking cup for children</b>  (Country of Origin: <b>Denmark</b> )		<b>Choking</b> A small part (the part inside the cup) can be easily detached from the cup. A small child may put the part in their mouth and choke. The product does not comply with the requirements of the General Product Safety Directive.	Recall of the product from end users
A12/02274/24	Austria	<b>Magnetic toy</b>  (Country of Origin: <b>Germany</b> )		<b>Injuries</b> The toy contains small magnets with a high magnetic flux. If a child swallows the small magnets, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive nor with European standard EN 71-1.	Removal of this product listing by the online marketplace

A12/02275/24	Romania	<b>Toy fruits and vegetables</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The product contains small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Food Imitating Directive and the Toy Safety Directive, nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/02283/24	Austria	<b>Fishing toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> The toy contains small parts (fish). As a consequence, a small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Removal of this product listing by the online marketplace
A12/02285/24	Austria	<b>Magnetic toy</b>  (Country of Origin: <b>Unknown</b> )		<b>Injuries</b> The toy contains small magnets with a high magnetic flux. If a child swallows the small magnets, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Removal of this product listing by the online marketplace
A12/02287/24	Austria	<b>Magnetic toy</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The toy contains small magnets with a high magnetic flux. If a child swallows the small magnets, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Removal of this product listing by the online marketplace
A12/02295/24	Austria	<b>Magnetic toy</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The toy contains small magnets with a high magnetic flux. If a child swallows the small magnets, they could attract one another causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Removal of this product listing by the online marketplace

A12/02324/24	Austria	<b>Magnetic toy</b>  (Country of Origin: <b>China</b> )		<b>Injuries</b> The toy is made of small elements with a high magnetic flux. If a child swallows them, they could attract one another, causing intestinal blockage or perforation. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Recall of the product from end users
A12/02330/24	Hungary	<b>Fancy-dress hat</b>  (Country of Origin: <b>China</b> )		<b>Burns</b> The product is highly flammable and not self-extinguishing, creating a risk of burns. The product does not comply with the requirements of the Toy Safety Directive nor with European standard 71-2.	Ban on the marketing of the product and any accompanying measures
A12/02335/24	Hungary	<b>Fancy-dress hat with hair</b>  (Country of Origin: <b>China</b> )		<b>Burns</b> The hair is highly flammable and not self-extinguishing, creating a risk of burns. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-2.	Withdrawal of the product from the market
A12/02372/24	Hungary	<b>Fancy-dress face mask</b>  (Country of Origin: <b>China</b> )		<b>Burns</b> The mask is highly flammable and not self-extinguishing. If the child is wearing the mask and it catches fire, the child may suffer burns on their face. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-2.	Recall of the product from end users
A12/02373/24	Hungary	<b>Fancy-dress face mask</b>  (Country of Origin: <b>China</b> )		<b>Burns</b> The mask is highly flammable and not self-extinguishing. If the child wears the mask and it catches fire, the child may suffer burns on their face. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-2.	Recall of the product from end users

A12/02374/24	Hungary	<b>Fancy-dress face mask</b>  (Country of Origin: <b>China</b> )		<b>Burns</b> The mask is highly flammable and not self-extinguishing. If the child is wearing the mask and it catches fire, the child may suffer burns on their face. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-2.	Ban on the marketing of the product and any accompanying measures
A12/02395/24	Germany	<b>Grip ring</b>  (Country of Origin: <b>Unknown</b> )		<b>Choking</b> The product can easily break under tension, resulting in small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive.	Withdrawal of the product from the market
A12/02404/24	France	<b>Playmat</b>  (Country of Origin: <b>Hong Kong</b> )		<b>Choking</b> The plastic film covering the foam may peel off in small pieces. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive.	Withdrawal of the product from the market
A12/02407/24	France	<b>Keyring with plush toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (metal ring and eyes) can be easily detached from the toy. A small child could put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Removal of this product listing by the online marketplace
A12/02408/24	Czechia	<b>Toy duck set</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the toy contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP), dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP) (measured values up to 11.1%, 0.88% and 26.6% by weight, respectively). These phthalates may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market

A12/02409/24	France	<b>Soft toy</b>  (Country of Origin: <b>China</b> )		<b>Choking, Suffocation</b>  The toy contains a small part (button) which can be easily detached. A small child may put it in their mouth and choke. Moreover, the plastic bag of the packaging is non-permeable. If a child plays with the packaging, the plastic can cover their mouth and nose, causing the child to suffocate. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Removal of this product listing by the online marketplace
A12/02410/24	Czechia	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b>  The plastic material of the doll contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 42.2% by weight). This phthalate may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/02411/24	Czechia	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b>  The plastic material of the doll's head contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 39.5% by weight). This phthalate may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/02435/24	Romania	<b>Plastic toy set</b>  (Country of Origin: <b>China</b> )		<b>Choking</b>  Due to their characteristic appearance, form, colour and size, the product may be mistaken for foodstuff. The product contains small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Food Imitating Directive and the Toy Safety Directive, nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures

A12/02436/24	Romania	<b>Plastic toy set</b>  (Country of Origin: China)		<b>Choking</b> Due to their characteristic appearance, form, colour and size, the product may be mistaken for foodstuff. The product contains small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Food Imitating Directive and the Toy Safety Directive, nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/02437/24	Romania	<b>Plastic toy set</b>  (Country of Origin: China)		<b>Choking</b> Due to their characteristic appearance, form, colour and size, the product may be mistaken for foodstuff. The product contains small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Food Imitating Directive and the Toy Safety Directive, nor with the European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/02438/24	Romania	<b>Plastic toy set</b>  (Country of Origin: China)		<b>Choking</b> Due to their characteristic appearance, form, colour and size, the product may be mistaken for foodstuff. The product contains small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the Food Imitating Directive and the Toy Safety Directive, nor with the European standard EN 71.	Ban on the marketing of the product and any accompanying measures
A12/02439/24	Lithuania	<b>Fishing toy</b>  (Country of Origin: China)		<b>Choking</b> The fishing kit has small parts. Small children may put them in their mouth and choke. The product does not comply with the requirements of the Toy Safety Directive nor with the European standard EN 71-1.	Withdrawal of the product from the market
A12/02450/24	Czechia	<b>Plastic ball</b>  (Country of Origin: Unknown)		<b>Chemical</b> The plastic material of the toy has an excessive concentration of dibutyl phthalate (DBP) and diisobutyl phthalate (DIBP) (measured values up to 48% and 0.6% by weight, respectively). These phthalates may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market

A12/02458/24	Lithuania	<b>Plastic doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the product has an excessive concentration of bis(2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured values up to 17% and 0.063% by weight, respectively). These phthalates may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the requirements of the Toy Safety Directive.	Withdrawal of the product from the market
A12/02462/24	Finland	<b>Soother</b>  (Country of Origin: <b>Sweden</b> )		<b>Choking</b> The soother's handle can break apart, releasing small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the General Product Safety Directive nor with European standard EN 12586.	Ban on the marketing of the product and any accompanying measures
A12/02463/24	Finland	<b>Soother holder</b>  (Country of Origin: <b>Türkiye</b> )		<b>Choking</b> The clip can break apart, releasing small parts. A small child may put them in their mouth and choke. The product does not comply with the requirements of the General Product Safety Directive nor with the European standard EN 12586.	Stopping of sales
A12/02481/24	Poland	<b>Inflatable toy</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains an excessive amount of bis(2-ethylhexyl) phthalate (DEHP) (measured value up to 5.86 % by weight). This phthalate may harm the health of children, possibly causing damage to the reproductive system. The product does not comply with the REACH Regulation.	Warning consumers of the risks
INFO/00100/24	Sweden	<b>Drawing table</b>  (Country of Origin: <b>China</b> )		<b>Environment</b> The solders in the product have an excessive concentration of lead (measured value up to 88.4% by weight). Lead poses a risk to the environment. The product does not comply with the requirements of the Directive on the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS 2 Directive).	Removal of this product listing by the online marketplace

## Safety Gate: the EU rapid alert system for dangerous non-food products

“Safety Gate”, the EU rapid alert system (formerly known as “RAPEX”), enables the rapid exchange of information between **31 European countries** and the European Commission on non-food dangerous products found on the market posing a risk to the health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <https://ec.europa.eu/safety-gate-alerts/screen/webReport#weeklyReports>. The measures taken in the notifying country in order to restrict such products’ marketing or use can be ordered by national authorities (“compulsory measures”) or be taken directly by producers and distributors (“voluntary measures”).

The official contact points of the Member and EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive (**2001/95/EC**) responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

## Recall Summary – US Toys / Children’s Products

**CPSC Recall List (Aug 2024)**

Recall No.	Notifying Country	Product	Product Photo	Hazard / Risk	Remedy
24-324	USA	<p><b>Beberoad New Moon Travel Bassinets</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Fall Hazard</b></p> <p>Beberoad Love New Moon Travel Bassinets Recalled Due to Fall Hazard; Violation of Federal Regulations for Infant Sleep Products; Sold by Beberoadlove</p> <p>The recalled bassinets violate federal safety regulations for Infant Sleep Products because they do not have a stand, posing a fall hazard if used on elevated surfaces.</p>	<p>Consumers should immediately stop using the recalled bassinets and contact Beberoadlove for instructions on how to receive a full refund, and how to properly dispose of the product. Beberoadlove and Amazon are contacting all known purchasers directly.</p>
24-325	USA	<p><b>Papablic Archie Infant Swings</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Suffocation Hazard</b></p> <p>Papablic Infant Swings Recalled Due to Suffocation Hazard; Violations of Federal Regulations for Infant Sleep Products; Imported by Shenzhen Two Pony</p> <p>The swings pose a suffocation risk because they were marketed, intended, or designed for infant sleep, and they have an incline angle greater than 10 degrees in violation of the federal safety regulations for Infant Sleep Products and the Safe Sleep for Babies Act. The swings also violate other requirements for infant swings and the labeling requirements for Reese’s Law because the remote contains a button or coin-cell battery.</p>	<p>Consumers should stop using the recalled swings immediately, and contact Shenzhen Two Pony for information on how to dispose of the products and submit proof of destruction to obtain a full refund. Shenzhen Two Pony and Amazon are contacting all known purchasers directly.</p>

24-328	USA	<p><b>LED Light-up Jelly Ring Toys</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Ingestion Hazard</b></p> <p>Attom Tech Recalls LED Light-up Jelly Ring Toys Due to Ingestion Hazard; Violation of Federal Regulations for Battery-Operated Toys; Sold Exclusively on Amazon.com</p> <p>The recalled light-up jelly ring toys violate the mandatory federal battery-operated toy regulation because the rings contain button cell batteries that fit within CPSC’s small parts cylinder, and can be easily accessed without requiring the use of a common household tool. When button cell batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns and death, posing an ingestion hazard to children.</p>	<p>Consumers should stop using the recalled light-up jelly ring toys immediately, take them away from children, and contact Attom Tech for instructions on how to properly dispose of the product and receive a full refund. Button cell batteries are hazardous. Consumers should take the batteries to a recycling facility, or to their local facility that specializes in collection and disposal of household hazardous waste. Amazon is notifying all known purchasers directly.</p>
24-331	USA	<p><b>Jeune French Contemporary Upholstered Panel Cribs</b></p> <p>(Country of Origin: <b>Vietnam</b>)</p>		<p><b>Choking Hazard</b></p> <p>RH Baby &amp; Child Recalls Jeune French Contemporary Upholstered Panel Cribs Due to Choking Hazard</p> <p>The cylindrical metal inserts in the crib’s wooden frame can become loose and detach, posing a choking hazard.</p>	<p>Consumers should immediately stop using the recalled cribs and contact RH to receive a full refund of the purchase price, or a new replacement crib with shipping at no charge. If no receipt is available, the consumer will receive a \$1,260 cash refund, credit, or a new replacement crib with shipping at no charge. RH will provide free pickup of the recalled crib, and is contacting all known purchasers directly.</p>

24-332	USA	<p><b>Brompton T-Line Foldable Bicycles</b></p> <p>(Country of Origin: <b>United Kingdom</b>)</p>		<p><b>Fall Hazard</b></p> <p>Brompton Bicycle Recalls Brompton T-Line Foldable Bicycles Due to Fall Hazard</p> <p>A loss of alignment between the handlebar and front wheel, due to insufficient torquing of steerer clamp bolts, can cause the rider to lose control of the steering, posing a fall hazard.</p>	<p>Consumers should immediately stop using the recalled bicycles, and contact an authorized Brompton dealer to schedule an appointment for a free repair to tighten the steerer clamp bolts on the handlebar stem. Brompton is contacting all registered owners and dealers directly.</p>
24-340	USA	<p><b>Mamibaby and Cosy Nation Baby Loungers</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Fall and Entrapment Hazards</b></p> <p>Mamibaby and Cosy Nation Baby Loungers Recalled Due to Suffocation Risk and Fall and Entrapment Hazards; Violation of Federal Regulations for Infant Sleep Products; Sold on Amazon.com by MEIXIA Shop and Softbless</p> <p>The recalled baby loungers violate the federal safety regulations for Infant Sleep Products because the sides are too low to contain the infant; the sleeping pad is too thick, posing a suffocation hazard; an infant could fall out of an enclosed opening at the foot of the lounger or become entrapped; and the loungers do not have a stand, posing a fall hazard if used on elevated surfaces. These violations create an unsafe sleeping environment for infants.</p>	<p>Consumers should immediately stop using the recalled loungers, and contact MEIXIA Shop for information on how to dispose of the product to obtain a full refund. MEIXIA Shop and Amazon are contacting all known purchasers directly.</p>

24-348	USA	<p><b>Squeeze Plush Ball Toys</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Injury Hazard</b></p> <p>Shawshank LEDz Recalls Squeeze Plush Ball Monsters Toys and Easter Squeezable Toys Due to Injury Hazard; Sold Exclusively at Ace Hardware</p> <p>The squeeze ball toy contains a liquid and glitter combination inside a thick membrane. If the membrane is ruptured, the glittery water can splash onto a child's face and body, posing an injury hazard.</p>	<p>Consumers should immediately stop using the Squeeze Plush Ball Monster Squeezable and Easter Squeezable toys, and return the toys to the store where purchased for a full refund of \$5 in the form of cash. If it is not possible for a consumer to return the recalled product to a store, they can contact Shawshank for a postage-paid label to return their toys to Shawshank for a full refund of \$5 in the form of a check.</p>
24-351	USA	<p><b>Dumbbell Toy sold with Baby Biceps Gift Set</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Choking Hazard</b></p> <p>Fisher-Price Recalls Dumbbell Toy in Baby Biceps Gift Sets Due to Choking Hazard</p> <p>The gray caps on the end of the dumbbell toy can come off, posing a choking hazard to infants.</p>	<p>Consumers should immediately stop using the recalled dumbbell toy, take it away from young children, and contact Fisher-Price to receive a refund. Visit <a href="http://www.service.mattel.com/us/recall.aspx">www.service.mattel.com/us/recall.aspx</a> for instructions on how to upload a photograph of the dumbbell toy and how to properly dispose of it. Once the consumer provides confirmation that the dumbbell toy will be disposed of as directed, the consumer will be paid \$10 for the dumbbell toy only. Consumers can keep the remaining toys in the Baby Biceps Gift Set. Proof of purchase (receipt) is not required to receive a refund for the dumbbell.</p>

24-352	USA	<p><b>Glow in Dark Party Supplies Toy Sets</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Ingestion Hazard</b></p> <p>Glow in Dark Party Supplies Toy Sets Recalled Due to Ingestion Hazard; Violation of Federal Regulations for Battery-Operated Toys; Sold Exclusively on Amazon.com by OleOleToy</p> <p>The recalled Glow in Dark Supplies Toy Sets violate the mandatory federal battery-operated toy regulation because the Bunny Ears Headbands found in the sets contain button cell batteries that can be easily accessed without requiring the use of a common household tool. When button cell batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns and death, posing an ingestion hazard to children.</p>	<p>Consumers should immediately stop using the recalled Bunny Ears Headbands found in Glow in Dark Party Supplies Toy Sets and take them away from children. Consumers should cut the battery compartment off the Bunny Ears Headbands and contact OleOleToy for instructions on how to receive a full refund. Button cell batteries are hazardous. Batteries should be disposed of or recycled by following local procedures for hazardous household waste. Amazon is notifying all known purchasers directly.</p>

## CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States Government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, <http://www.recalls.gov>, has been created. Members of the public may report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall is conducted voluntarily by the company under CPSC’s Fast Track Recall program. Fast Track recalls are initiated by firms who are committed to working with CPSC to quickly announce the recall and remedy to protect consumers.

## Recall Summary – Australia Toys / Children’s Products

**ACCC Recall List (Aug 2024)**

PRA No.	Notifying Country	Product / Description	Product Photo	Hazard / Risk	Remedy

## Australian Product Safety System

The Australian product safety system is set up to maximize the safety of goods through the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritizing and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on the website <https://www.productsafety.gov.au/recalls>.

STC (Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 60 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but are not limited to:

### EU Requirements
