

Hong Kong Amends Toys and Children's Products Safety Ordinance Schedules 1 and 2

On 14 February 2025, the Hong Kong Government published in the Gazette the "Toys and Children's Products Safety Ordinance (Amendment of Schedules 1 and 2) Notice 2025", which updates certain safety standards for toys and children's products, after public consultation without objections in principle.

Since the specified standards for toys and for seven classes of Schedule 2 products have been updated or amended by the standardisation bodies concerned, an overall update is needed in the Ordinance to reflect such changes.

Updated Standards

The table in Annex B of the [Notice](#) summarises the major changes introduced by the latest standards as follows:
