

Recall Summary – US Toys / Children’s Products

CPSC Recall List (August 2026)

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
26-662	USA	Easter LED Headbands (Country of Origin: China)		Ingestion Hazard OKK Trading Recalls Easter LED Headbands Due to Risk of Serious Injury or Death from Battery Ingestion; Violate Mandatory Standard for Toys The recalled headbands violate the mandatory safety standard for toys with button cell and coin batteries because the lithium coin batteries can be accessed easily by children, posing an ingestion hazard. When button cell or coin batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns, and death.	Consumers should stop using the Easter LED Headbands immediately and contact OKK Trading for a refund. Consumers will be asked to email recall@okktoys.com a photograph showing the product being properly disposed of in the trash.
26-665	USA	Wnttmt Baby Walkers (Country of Origin: China)		Fall and Entrapment Hazards Wnttmt Baby Walkers Recalled Due to Risk of Serious Injury or Death from Fall and Entrapment Hazards; Violate Mandatory Standard for Infant Walkers; Sold on Amazon by WURUI.BABY The recalled infant walkers violate the mandatory standard for infant walkers because they can fit through a standard doorway and fail to stop at the edge of a step, posing a deadly fall hazard. In addition, the infant walkers have leg openings that allow the child to slip down until	Consumers should stop using the recalled infant walkers immediately and contact WURUI.BABY for a full refund. Consumers will be asked to disassemble the walker, cut

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
				the child's head can become entrapped, posing a risk of serious injury or death.	the fabric seat, write "Recalled" on the top of the tray in permanent marker and send a photo of the recalled infant walker to wbabywalker-recall@outlook.com .
26-667	USA	PIXLABBY Silicone Sensory Magnetic Fidget Sliders (Country of Origin: China)		Ingestion Hazard Magnetic Fidget Sliders Recalled Due to Risk of Serious Injury or Death from Magnet Ingestion; Violate Mandatory Standard for Toys; Sold on Amazon by PIXLABBY The magnetic fidget sliders violate the mandatory standard for toys because they can liberate loose high-powered magnets, posing an ingestion hazard to children. When high-powered magnets are swallowed, the ingested magnets can attract each other or other metal objects and become lodged in the digestive system. This can result in perforations, twisting, and/or blockage of the intestines, blood poisoning and death.	Consumers should take the fidget sliders away from children, stop using them immediately and contact PIXLABBY for a full refund. Consumers will be asked to throw away the fidget sliders and submit a photo of the disposed toys to ah1998zxc@gmail.com to receive a refund.
26-669	USA	Voomf Play Yard and Crib Mattresses		Entrapment and Fire Hazards Play Yard and Crib Mattresses Recalled Due to Risk of Serious Injury or Death from Entrapment and Fire Hazards; Violate Mandatory Standards	Consumers should stop using the mattresses

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
		(Country of Origin: China)		for Mattresses; Sold on Amazon by Voomf The recalled mattresses violate the mandatory safety standard for crib mattresses because the mattresses may not adequately fit certain play yards, posing a deadly entrapment hazard. Babies can suffocate in gaps between an undersized mattress, or extra padding, and side walls of a product, especially when the infant's face becomes trapped against the side and the mattress, preventing the infant from breathing. Furthermore, the full-sized crib mattresses violate the mandatory flammability standard for mattress sets, posing a risk of serious injury or death from fire.	immediately and contact Voomf for a full refund. Consumers will be asked to destroy the mattresses by writing in permanent marker "Recalled," cutting the play yard mattress in half and cutting the full-sized mattress cover diagonally across the entire mattress using scissors, and to send a photo of the destroyed mattress to voomfrecall@outlook.com. Consumers should then dispose of the recalled product in accordance with local and/or state disposal procedures.

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
26-671	USA	Little Rawr Silicone Pull String Teething Toys (Country of Origin: China)		Choking Hazard Little Rawr Pull String Teething Toys Recalled Due to Risk of Serious Injury or Death from Choking; Violate Mandatory Standard for Toys; Sold on Amazon by Okabesini-us The recalled teething toys violate the mandatory standard for toys because the silicone strings are smaller and longer than permitted. The strings can reach the back of children's throats and become lodged, posing a serious risk of respiratory distress and a deadly choking hazard.	Consumers should stop using the teething toy immediately, take it away from children and contact Okabesini-us to receive a full refund. Consumers will be asked to destroy the toy by cutting all silicone strings and writing in permanent marker "RECALLED" on the main body of the toy and send a photo of the destroyed toy and order number if available to lilrawrrecall@163.com . Consumers should then dispose of the destroyed product.
26-672	USA	Space Astronaut LED Finger Lights		Risk of Serious Injury from Battery Ingestion Syera Projecting Finger Light Toys Recalled Due to Risk of Serious Injury from Battery Ingestion; Violate Mandatory Standard for Toys;	Consumers should stop using the recalled toys

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
		(Country of Origin: China)		Sold on TEMU by Senyu The recalled LED finger lights violate the mandatory safety standard for toys because they contain button cell batteries that can be easily accessed by children. If button cell or coin batteries are swallowed, the ingested batteries can cause serious injuries, including internal chemical burns, and death.	immediately, take them away from children and contact Syera for a full refund. Consumers will be asked to remove and properly dispose of the finger lights into the trash and send a photo of the disposed product to syerarecallusa@outlook.com.
26-686	USA	Goody King Magnetic Building Cubes and Blocks (Country of Origin: China)		Ingestion Hazard Goody King Magnetic Building Cubes and Blocks Recalled Due to Risk of Serious Injury or Death from Magnetic Ingestion Hazard; Imported by Yi Suen Commerce The recalled magnetic building cubes contain magnets that can become loose if the cubes break or open, posing a magnet ingestion hazard to children. When high-powered magnets are swallowed, the ingested magnets can attract each other, or other metal objects, and become lodged in the digestive system. This can result in perforations, twisting, and/or blockage of the intestines, blood poisoning and death.	Consumers should stop using the recalled magnetic building cubes immediately and contact Yi Suen Commerce for a full refund. Consumers will be provided with a pre-paid label to return the recalled magnetic cubes to

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
					receive a refund.
26-688	USA	G Taleco Gear Baby Jumpers, Baby Swings and 2-in-1 Baby Jumper & Swings (Country of Origin: China)		Fall and Strangulation Hazards Taleco Gear Recalls Baby Jumpers, Baby Swings and 2-in-1 Baby Jumper & Swings Due to Risk of Serious Injury or Death from Fall and Strangulation Hazards The baby jumpers, baby swings and 2-in-1 baby jumper & swings can become unstable, posing fall and impact hazards. Additionally, the hanging restraint straps and seat openings can pose strangulation hazards.	Consumers should stop using the recalled products immediately and contact Taleco Gear to receive a full refund. Consumers will be provided with instructions on how to destroy the recalled products and provide photos of the destroyed parts to obtain a full refund.
26-689	USA	TooyBing Wooden Bead Stacking Toys (Country of Origin: China)		Choking Hazard TooyBing Wooden Bead Stacking Toys Recalled Due to Risk of Serious Injury or Death from Choking; Violate Small Parts Ban The recalled toys violate the small parts ban because they are intended for children under three years old and the wooden beads pose a deadly choking hazard to young children.	Consumers should stop using the toys immediately, take them away from children, and contact TooyBing for free replacement.
26-693	USA	Youth All-Terrain Vehicles (ATVs),		Crash Hazard Yamazuki Recalls Youth All-Terrain Vehicles (ATVs) Due to Risk of Serious Injury or Death from Crash Hazard; Violates Mandatory	Consumers should stop using the recalled youth

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
		model XW-A19 (Country of Origin: China)		Standard for ATVs The recalled youth ATVs violate the mandatory safety standard for ATVs because the parking brakes fail to hold and the ATV's speed limiting device is not set to the restricted speed required for children ages six (6) and older, posing a crash hazard. Additionally, the ATVs are missing the required rear safety reflectors, reducing visibility of the youth ATV to other vehicles, posing a deadly crash hazard.	ATVs immediately and contact Yamazaki for a free repair kit, including shipping. The repair kit consists of replacement parking brake latches, rear safety reflectors, an owner's manual storage bag and repair tools.
26-697	USA	Shengsen Prank Sound Maker (Country of Origin: China)		Risk of Battery Ingestion Shengsen Prank Sound Makers Recalled Due to Risk of Serious Injury or Death from Battery Ingestion; Violate Mandatory Standard for Consumer Products with Coin Batteries; Imported by Shengsen Toys The recalled sound maker violates the mandatory safety standard for consumer products with button cell and coin batteries because the lithium coin batteries can be accessed easily by children, posing an ingestion hazard. Additionally, the packaging and product do not have the warnings required under Reese's Law. When button cell or coin batteries are swallowed, the ingested batteries can cause serious injuries, internal chemical burns, and death.	Consumers should stop using the sound maker immediately and contact Shengsen Toys for a full refund. Consumers will be asked to properly dispose of the sound maker into the trash and send a photo of the disposed product to

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
26-698	USA	CuberShop Magnetic Stickerless Speed Cubes, model YJ MGC 5x5 (Country of Origin: China)		Risk of Serious Injury or Death CuberShop Magnetic Speed Cubes Recalled Due to Risk of Serious Injury or Death from Magnet Ingestion; Violate Mandatory Standard for Toys; Imported by SKY CUBE HK The recalled magnetic cubes violate the mandatory safety standard for toys because they were packaged with loose, high-powered magnets, posing an ingestion hazard to children. When swallowed, the magnets can attract one another or other metal objects and become lodged in the digestive system. This can result in intestinal perforation, intestinal twisting or blockage, blood poisoning, and death.	ywpower@outlook.com. Consumers should take the recalled loose magnets away from children, stop using them immediately, and contact SKY CUBE HK for information on how to receive a partial refund of \$5. Consumers may keep the cube. Consumers will be asked to throw away the magnets and email a photo of the disposed magnets to recall@cubershop.com.
26-719	USA	HABA Rainbow Rattle Grasping and Teething Toy (Country of		Choking and Ingestion Hazards HABA USA Recalls Rainbow Rattle Grasping and Teething Toys Due to Risk of Serious Injury or Death from Choking and Ingestion Hazards The glued knot on the elastic cord can become untied on the recalled product, allowing young children access to the small wooden and plastic pieces, posing a risk of serious injury or death from choking and ingestion hazards.	Consumers should stop using the rattle grasping and teething toy immediately, take it away from children and contact HABA USA to

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
		Origin: China)			receive a full refund. Consumers will be asked to destroy the toy by cutting the elastic cord, taking a photo of it and uploading a photo of the destroyed toy with their name and address to recall@habausa.com. Consumers should then dispose of the destroyed product.
26-721	USA	Kmaier Infant Walkers (Country of Origin: China)		Fall Hazard Kmaier Recalls Infant Walkers Due to Risk of Serious Injury or Death from Fall Hazard; Violate Mandatory Standard for Infant Walkers The recalled walkers violate the mandatory standard for infant walkers because they can fit through a standard doorway and fail to stop at the edge of a step, posing a deadly fall hazard.	Consumers should stop using the recalled walkers immediately and contact Kmaier for a full refund. Consumers will be asked to disassemble the walker; destroy it by cutting the walker's fabric seat and writing in

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
					permanent marker "Recalled" on the top of the tray; and send a photo of the destroyed walker to TargetplusSJ@outlook.com. Consumers should then dispose of the recalled product.
26-724	USA	Little Loves & Co. Youth Clothing with Drawstrings (Country of Origin: China)		Entrapment Hazard Little Loves & Co. Recalls Youth Clothing with Drawstrings Due to Risk of Serious Injury or Death from Entrapment Hazard The drawstrings in the recalled clothing can get caught on objects and cause death or serious injury to children due to an entrapment hazard.	Consumers should take the recalled clothing away from children immediately and contact Little Loves & Co. for a full refund after returning of the product. Consumers should contact Little Loves & Co. to receive a pre-paid shipping label to return the garment. Upon receipt, affected consumers will be issued a

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
					refund. If consumers would prefer to keep the garment, they should cut and remove the drawstring.
26-727	USA	Chilllife 5-in-1 Montessori Baby Toy Sets (Country of Origin: China)		Choking Hazard Montessori Baby Toy Sets Recalled Due to Risk of Serious Injury or Death from Choking; Violate Mandatory Standard for Toys; Sold on Amazon by Chilllife Official The recalled baby toy sets contain a pull string teething toy that violates the mandatory standard for toys because the silicone strings are smaller and longer than permitted. The silicone strings can reach the back of children's throats and become lodged, posing a risk of respiratory distress and deadly choking hazard.	Consumers should stop using the pull string teether toys immediately, take them away from children and contact Chilllife Official for a partial refund of \$5.40. Consumers will be asked to destroy the toy by cutting all silicone strings and writing in permanent marker "DESTROYED" on the main body of the toy and send a photo of the destroyed toy to Chilllifebabytoyrecall@outlook.com .

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
					Consumers should then dispose of the destroyed product.

CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States Government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a “one stop shop” for U.S. Government recalls, <http://www.recalls.gov>, has been created. Members of the public may report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall is conducted voluntarily by the company under CPSC’s Fast Track Recall programme. Fast Track recalls are initiated by firms who are committed to working with CPSC to quickly announce the recall and remedy to protect consumers.

Recall Summary – Australian Toys / Children’s Products

ACCC Recall List (August 2026)

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2026/20991	Australia	True Blue robotic pool cleaner sold at Bunnings Warehouse (Country of Origin: China)		Risk of Serious Injury or Death The affected product’s lithium-ion battery may overheat and ignite if charged in hot weather or direct sunlight and catch fire. Risk of serious injury or death and property damage if the cleaner ignites and causes a fire. Incidents of the cleaner catching fire while charging have occurred.	Stop using the robotic pool cleaner immediately. Unplug it and place it in a cool place. Call the True Blue Customer Service number to arrange for a courier to collect the robotic pool cleaner, free of charge.
2026/20992	Australia	Jollybaby baby sensory pull string toy whale (Country of Origin: China)		Risk of Serious Injury or Death The product may not comply with the mandatory standard for toys for children up to and including 36 months of age as it was not tested to this standard prior to sale. Small parts may detach from the product. Risk of serious injury or death from choking if small parts detach from the toy and the child places them in their mouth.	Stop using the toy immediately and place out of reach of children. Cut the strings of the toy and take a photograph before disposing of it in household waste. Email the photograph and your order

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
					details to oneoneplusau@gmail.com to receive a full refund. For further information or assistance with this recall, please email BabyCoo Australia. Contact BabyCoo Australia. Email: oneoneplusau@gmail.com. Visit: https://babycoo.com.au/
2026/20993	Australia	Findon Light Up Sensory Plush (Country of Origin: China)		Risk of Serious Burn Injury and Property Damage The product contains a non-compliant circuit board, which may cause the product to overheat and catch fire. Risk of serious burn injury and property damage if the toy overheats or catches fire while in use. Incidents of overheating have occurred.	Stop using the toy immediately, remove the AA batteries and place out of reach of children. Return the toy to any ALDI store for a full refund.
2026/20995	Australia	Secret diary pen with UV light (Country of		Risk of Choking The pen doesn't comply with the mandatory standards for products containing button/coin batteries. The battery isn't secured, and children could	Stop using the product immediately and keep out of reach of children.

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
		Origin: China)		access the button/coin battery. Children are at risk of choking, serious injury or death if they swallow or place button/coin batteries inside their bodies.	Return the product to the place of purchase for a full refund.
2026/20996	Australia	Nevenka Baby pull string giraffe toy (Country of Origin: China)		Risk of Serious Injury or Death The product does not comply with the mandatory standard for toys for children up to and including 36 months of age. The product's silicone pull strings are too long and can reach the back of a child's throat causing choking or asphyxiation. The feet on the ends of the silicone pull strings can detach from the product and cause a child to choke if they place them in their mouth. Risk of serious injury or death from choking and asphyxiation if a child places the silicone pull strings in their mouth or the feet detach from the toy's pull strings and the child places them in their mouth.	Stop using the toy immediately and place out of reach of children. Cut the strings of the toy and take a photograph before disposing of it in household waste.
2026/20998	Australia	Pull String Interactive Toys (Country of Origin: China)		Risk of Serious Injury or Death The product may not comply with the mandatory standard for toys for children up to and including 36 months of age. The product's silicone pull strings are too long and can reach the back of a child's throat causing choking or asphyxiation. Small parts may detach from the product and cause a child to choke if they place them in their mouth. Risk of serious injury or death from choking and asphyxiation if a child places the silicone pull strings in their mouth or if small parts detach from the toy and the child places them in their mouth.	Stop using the toy immediately and place out of reach of children. Cut the strings of the toy and take a photograph of the toy before disposing of it in household waste.

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2026/21001	Australia	Playground Plus Box 4: Play With Purpose 10-12m toy box (Country of Origin: China)		Risk of Serious Injury or Death The tentacle toy may not comply with the mandatory standard for toys for children up to and including 36 months of age. The product's silicone pull strings are too long and can reach the back of a child's throat causing choking or asphyxiation. Small parts may detach from the product and cause a child to choke if they place them in their mouth. Risk of serious injury or death from choking and asphyxiation if a child places the silicone pull strings in their mouth or if small parts detach from the toy and the child places them in their mouth.	Stop using the tentacle silicone sensory toy immediately and place out of reach of children. Cut the strings of the toy and take a photograph of the toy before disposing of it in household waste. Email the photograph and your order details to info@livingtextiles.com.au to receive a refund of the value of the tentacle sensory toy within 30 days. For further information or assistance with this recall, please email Living Textiles Australia.

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2026/21006	Australia	Babybee toddler board with detachable seat (Country of Origin: China)		Risk of Serious Injury to a Child The detachable seat may break at the point where the seat attaches to the main pole of the product. Risk of serious injury to a child from a fall if the detachable seat breaks while in use. Incidents have occurred.	Stop using the toddler board immediately and check the batch number on the underside of your Babybee toddler board. If your toddler board has batch number X-001, X-002, X-012A or X-015D, remove the detachable seat from the toddler board. The toddler board may continue to be used in standing mode without the detachable seat. Dispose of the affected detachable seat in your household general waste bin. Register your affected product at: https://babybeonline.com/pages/recall

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
					Babybee will provide affected consumers with a replacement detachable seat free of charge.
2026/21007	Australia	Weet-Bix Wearable Blanket (Country of Origin: China)		Missing of Fire Hazard Warnings The products do not comply with the mandatory standard for children's nightwear. The products do not include the required fire hazard warning label. There is a risk of serious burn injuries if the product is exposed to a heat or flame source. Consumers may not be aware of this risk.	Stop using the blanket immediately and place away from heat sources or flames.

Australian Product Safety System

The Australian product safety system is set up to maximise the safety of goods through the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritising and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on <https://www.productsafety.gov.au/recalls>.

Recall Summary – Japanese Toys / Children’s Products

METI Recall List (August 2026)

管理番号	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
00000035652	Japan	カヤック オタリア 360T (イン フレーター ルカヤッ ク) Kayak Oitalia 360T (Inflatable Kayak)		生地の強度不足による縫い目の破裂が発生し、 重大な事故につながるおそれがあるため。 Due to insufficient fabric strength, seams may burst, potentially leading to serious accidents.	回収・返金 Recall and refund

Japan’s Product Recall System

Under the Consumer Product Safety Act (消費生活用製品安全法 CPSA), the Consumer Affairs Agency (消費者庁 CAA) enforces consumer protection laws and collects reports of serious product accidents. When such an accident is reported, the CAA notifies the Ministry of Economy, Trade and Industry (経済産業省 METI), which will initiate a recall.

Such accident cases are listed in the “Recall Information Website リコール情報サイト”

<https://www.recall.caa.go.jp/>.

STC (Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 60 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but are not limited to:

US & Canada Requirements

- ASTM F963
- CPSIA
- California Proposition 65
- 16 CFR 1501
- ASTM F2923 (Children's jewellery)
- ASTM F2999 (Adult's jewellery)
- US Toxic in Packaging Clearinghouse (TPCH)
- CCPSA - Toys Regulations (SOR/2011-17)

Japan Requirements

- Japan Toy Safety Standard (ST)
- Japan Food Sanitation Law (JFSL)

Australia Requirements

- AS/NZS 8124
- Consumer Protection Notice No. 6 of 2010 - DEHP
