

50% Off Hot Promotion for Children's Products Testing

At present, the quality of children's products in the market is uneven. As a result, the safety and environmental friendliness of the products have become a great concern. STC can offer you testing services for children's products including children's bicycle, helmets, baby bed, stroller, baby walker, children's tricycle and so on. Equipped with advanced and sophisticated equipment, and professional testing teams with years of experience, STC has successfully obtained CNAS and CPSC recognition, helping your products enter the global market.

STC offers children's products testing services which are recognized by CNAS including but not limited to:

| Product | Country / Region | Standard |
|---------------------|-------------------------|-------------------------|
| Children's bicycle | Europe | EN ISO 8098 |
| | America | 16 CFR 1512 |
