

1. CNCA Announced the China Compulsory Certification (CCC) Self-Declaration Implementation Requirements During Standards Revision

In order to ensure a subtle and orderly implementation of the self-declaration application for CCC certification, which the evaluation is according to the revision of the standard in the CCC catalogue, based on the CNCA's

"Notice on Issues Related to China Compulsory Certification (CCC) During Standards Revision" (国认科联〔2005〕18号), the notice stated that producers (manufacturers) have been required to actively track and collect the relevant revision information of the CCC self-declaration evaluation basis standards. During the transition period after the release of the new standard but before its implementation, they can voluntarily choose to implement evaluation by using the old or the new standards. After the implementation of the new standard, the evaluation shall comply with the new standard.

After one year of the new standard implementation, the new standard should be applied while the old version will be abolished in the "China Compulsory Certification Conformity Self-declaration Information Submission System" (<http://sdoc.cnca.cn>). Before the implementation of the new standard, the products that have been shipped, and launched in the market but no longer be produced, do not have to comply with

认监委发布相关标准修订时强制性产品认证实施安排

为确保评价依据标准修订时 CCC 目录中自我声明方式申请 CCC 认证工作平稳有序实施，基于认监委《关于标准修订时强制性产品认证有关问题的通知》（国认科联〔2005〕18号），公告主要内容，要求生产者（制造商）应主动跟踪收集相关 CCC 自我声明方式的评价依据标准的修订情况，在新版标准发布后、实施前的转换期，自愿选择依据旧版或新版标准实施评价；在新版标准实施后，应依据新版标准实施评价。在新版标准实施一年内完成新版标准自我声明换版；旧版标准自我声明，将于新版标准实施届满一年时由“强制性认证产品符合性自我声明信息报送系统”（<http://sdoc.cnca.cn>）统一予以注销；新版标准实施前已经出厂、投放市场且不再生产的产品，无需进行新版标准自我声明换版。

公告要求，各 CCC 认证自我声明评价方式参与实施机构（包括认证机构和实验室）应加强服务，协助生产者（制造商）获取详细准确的标准变化信息。

2. Notice of CNCA on Further Consolidated the CCC Entity and Streamlined the Amendment Procedures

The Certification and Accreditation Administration of the People's Republic of China (CNCA) has further suppressed the number of CCC certificates, streamlined the amendment procedures, and saved the certifying time and costs. In accordance with risk control management, the concrete plan has categorized the involved product areas, revised and improved the certification implementation guidelines, and further consolidated the certification units and merged the CCC certificates.

On the other hand, CNCA has revised the procedural arrangements reasonably and simplified amendment requirements (for example, using production enterprise

classification management, enterprise self-declaration, and so on), providing enterprises with more convenient and efficient amendment services.

STC is the designated laboratory in China to conduct CCC product testing with years of experience. For more information, please contact hkstc@stc.group.

中国进一步整合强制性产品认证单元并精简变更程序的通知

认监委（CNCA）进一步压减强制性产品认证（CCC 认证）证书数量，精简变更程序，降低认证时间和成本。具体方案是在风险控制的基础上，对所涉及产品领域的单元划分进行全面梳理，修改完善认证实施细则，进一步整合认证单元和合并 CCC 证书。

另一方面，对影响产品安全的变更作出更加合理优化的程序安排，简化变更要求（例如：利用生产企业分类管理、企业自我声明等措施），为企业提供更加便捷高效的变更服务。

STC 国内实验室为中国指定承担 CCC 检测实验室，有多年检验经验，如有意咨询，欢迎电邮 hkstc@stc.group 查询。
