

Be a Quality-Verified Seller on eCommerce Platforms

To sell on eCommerce platforms, such as Shein, Temu, and Amazon, you need to now ensure your products comply with their requirements.

How do you meet these requirements?

Talk to Hong Kong Standards and Testing Centre (STC) – an internationally recognized one-stop testing and certification solutions organisation. STC offers testing and certification services to help ensure your products meet the quality and safety requirements of eCommerce platforms, allowing you to smoothly sell more online.

Globally renowned certifications include CCC for China, CE for Europe, CPSC for the USA, and ST for Japan.

Enhance your product's **market competitiveness** and further expand your **online customer** base.
