

# Test Your Toys for the Japan Market

## Mandatory Requirements

Toys intended for infants in Japan must comply with the mandatory safety requirements in the "Specifications and Standards for Foods, Food Additives, etc." under the Food Sanitation Law, including:

- Section III: Apparatus, Containers & Packaging
- Section IV: Toys

## Do Your Toys Comply?

Imported and manufactured toys for the Japan market need be tested by a designated testing laboratory to demonstrate conformity to the Food Sanitation Law.

Test now with STC (Vietnam) - a designated overseas testing laboratory, endorsed by the Japan Ministry of Health, Labour & Welfare of Japan.

- Clause A4: heavy metals
- Clause A7 & A9: phthalates
- Clause B: coloring matter
