

## Recall Summary – European Toys

**EU Safety Gate Alerts (July 2021)**

Alert No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Measures Adopted
A11/00048/21	Poland	<b>Toy Scooter</b>  (Country of Origin: <b>China</b> )		<b>Injury</b> There are accessible gaps between moving parts of the scooter. Body parts (fingers) may be trapped. Consequently, a child may suffer injuries. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A11/00049/21	France	<b>Baby Nest</b>  (Country of Origin: <b>France</b> )		<b>Injury, Strangulation, Suffocation</b> The cords could potentially trap a child's toes, possibly leading to injuries. The child's nose and mouth could get stuck in the horizontal gaps between the mattress and the side of the nest, possibly leading to suffocation. The presence of openings at the junction of the sides of the baby nest, could end up trapping the child's head, possibly leading to strangulation. The product does not meet the requirements of the <i>General Product Safety Directive</i> and the relevant European standard EN 16890.	Recall of the product from end users
A12/00948/21	Poland	<b>Set of Plastic Balls</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The plastic material of the toy contains an excessive amount of diisobutyl phthalate (DIBP) (measured value: up to 31.8% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system and/ or liver. The product does not comply with the REACH Regulation.	Withdrawal of the product from the market
A12/00961/21	Finland	<b>Wooden Toy Car</b>  (Country of Origin: <b>Unknown</b> )		<b>Choking</b> Small parts (wooden parts and the small ball) may easily detach. A small child may put them in the mouth and choke on them. The product does not comply with the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.	Withdrawal of the product from the market

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kinds and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

A12/00965/21	Hungary	<p><b>Children's Fancy Dress Costume</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Burn</b></p> <p>The fancy dress costume is highly flammable and the flame propagation is too high. If it catches fire, the child in it could suffer burns. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-2.</p>	<p>Recall of the product from end users</p>
A11/00050/21	Denmark	<p><b>Playground with Slide and Swing</b></p> <p>(Country of Origin: <b>Unknown</b>)</p>		<p><b>Entrapment</b></p> <p>The product has accessible holes which may cause entrapment of fingers when the body of a child is in a forced movement (close to the starting section of the slide fastener [zip]). The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71.</p>	<p>Other: Update of assembly instructions</p>
A12/00973/21	Lithuania	<p><b>Toy Car</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Choking</b></p> <p>The toy can easily break into small parts. A small child may put them in the mouth and choke on them. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	<p>Withdrawal of the product from the market</p>
A12/00976/21	Latvia	<p><b>Magnetic Toy</b></p> <p>(Country of Origin: <b>Poland</b>)</p>		<p><b>Injury</b></p> <p>The product can easily break into small parts, which contain magnets with a high magnetic flux. If a child swallows them, they could attract one another, causing intestinal blockage or perforation. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	<p>Recall of the product from end users</p>
A12/00977/21	Latvia	<p><b>Magnetic Construction Toy Set</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Injury</b></p> <p>The toy consists of small parts containing magnets with a high magnetic flux. If a child swallows the small magnets and other metallic objects, they could attract one another, causing intestinal blockage or perforation. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	<p>Destruction of the product</p>

A12/00980/21	Austria	<p><b>Play Tent</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Choking</b></p> <p>Due to the weakness of a seam in the figures of the baby mobile, small pieces (balls) can detach from them. A small child may put them in the mouth and choke. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European Standard EN 71-1.</p>	Withdrawal of the product from the market
A12/00984/21	Germany	<p><b>Children's Water Shoes</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Chemical</b></p> <p>The rubber of the product contains an excessive amount of polycyclic aromatic hydrocarbons (PAHs) (total measured value: 10.5 mg/kg by weight), notably Benzo(a)pyrene (BaP), Benzo(b)pyrene (BeP), Benzo(a)anthracene (BaA), Chrysen (CHR), Benzo(j)fluoranthene (BjFA), Benzo(k)fluoranthene (BkFA) and Benzo(e)fluoranthene (BefA). These PAHs may cause cancer. They are also mutagenic and toxic for reproduction. The product does not comply with the REACH Regulation.</p>	Withdrawal of the product from the market
A11/00055/21	Denmark	<p><b>Swing</b></p> <p>(Country of Origin: <b>Unknown</b>)</p>		<p><b>Entrapment, Injury</b></p> <p>The product has accessible openings and accessible holes, in which a child can be trapped, then suffer injuries. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-8.</p>	Stop of sales
A11/00056/21	Denmark	<p><b>Swing</b></p> <p>(Country of Origin: <b>Unknown</b>)</p>		<p><b>Entrapment, Injury</b></p> <p>The product has accessible openings and accessible holes, in which children can be trapped, then suffer injuries. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-8.</p>	Withdrawal of the product from the market
A12/01017/21	France	<p><b>Giraffe Soft Toy</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Choking</b></p> <p>A small element (chain) can detach. A small child may put it in the mouth and choke on it. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	Removal of this product listing by the online marketplace

A12/01019/21	France	<b>Soft Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking, Suffocation</b> Small parts may easily detach from the toy. The fibrous stuffing material of the toy is easily accessible due to the weakness of certain seams. A small child may put the small parts or the stuffing material in the mouth and choke on them. The product does not comply with the regulations on the safety of toys and the relevant European standard EN 71-1.	Withdrawal of the product from the market
A12/01022/21	Hungary	<b>Carnival Mask</b>  (Country of Origin: <b>China</b> )		<b>Burn</b> The mask is highly flammable and the flame propagation is too high. If it catches fire, a child wearing it could suffer burns. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-2.	Recall of the product from end users
A12/01025/21	Poland	<b>Plastic Doll</b>  (Country of Origin: <b>United Kingdom</b> )		<b>Chemical</b> The toy contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: up to 23.7% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Destruction of the product
A12/01036/21	France	<b>Interactive Soft Toy</b>  (Country of Origin: <b>China</b> )		<b>Burn</b> The surface of the battery compartment can overheat. This can lead to a risk of burns for children. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standards EN 71-1 and EN 62115.	Removal of this product listing by the online marketplace

A12/01045/21	France	<p><b>Pull-along Rattle Toy</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Chemical, Damage to Hearing</b></p> <p>The plastic of the product contains an excessive amount of polycyclic aromatic hydrocarbons (PAHs), notably benzoanthracene (BaA) (measured value: up to 1 mg/kg by weight). This PAH may cause cancer. Furthermore, the sound pressure level is too high (measured value: 87 dB). This could lead to temporary/ permanent loss of hearing when the product is being used. The product does not comply with the REACH Regulation and the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	Removal of this product listing by the online marketplace
A12/01048/21	Latvia	<p><b>Wooden Toy Set</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Choking</b></p> <p>The pieces of the set contain protruding elements. A child may put the pieces into the mouth and the protruding parts could obstruct the child's airway, causing choking around the pharynx or trachea area. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	Destruction of the product
A12/01085/21	Lithuania	<p><b>Toy Scooter</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Injury</b></p> <p>Some parts of the product (the metal latch and the steering tube) don't lock properly. Besides, the handlebars may easily detach. As a consequence, a child might fall or have their body parts trapped, eventually suffering from injuries. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	Withdrawal of the product from the market
A12/01086/21	Latvia	<p><b>Magnetic Toy</b></p> <p>(Country of Origin: <b>Ukraine</b>)</p>		<p><b>Injury</b></p> <p>The product can easily break into small parts, which contain magnets with a high magnetic flux. If a child swallows them, they could attract one another, causing intestinal blockage or perforation. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	Recall of the product from end users

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kinds and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

A12/01087/21	France	<b>Experimental Toy Set</b>  (Country of Origin: <b>China</b> )		<b>Chemical, Damage to Sight</b> The rubber of the red balloons releases an excessive amount of nitrosatable substances (measured total value: 3.99 mg/kg) which generate nitrosamines. Nitrosamines may cause cancer through ingestion or dermal exposure. A child could be exposed to them when touching or putting the product in the mouth. The design of the safety goggles is ineffective in protecting a child against droplets. As a consequence, the child could suffer damage to sight due to exposure to chemicals. The product does not comply with the requirements of the <i>Toy Safety Directive</i> or the relevant European standards EN 71-4 and EN 71-12.	Withdrawal of the product from the market
A12/01093/21	France	<b>Felt-tip Pens</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The product contains fragrance benzyl alcohol (measured value: 160 mg/kg). Benzyl alcohol can induce allergic reactions and sensitization. The product does not comply with the requirements of the <i>Toy Safety Directive</i> .	Withdrawal of the product from the market
A12/01095/21	Czechia	<b>Plastic Doll</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The toy contains bis (2-ethylhexyl) phthalate (DEHP) (measured value: up to 20.16% by weight). This phthalate may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Destruction of the product
A12/01096/21	Luxembourg	<b>Plush Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (sequins) may easily detach from the toy. A small child may put a detached element in the mouth and choke on it. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures

A12/01097/21	Luxembourg	<b>Plush Toy</b>  (Country of Origin: <b>China</b> )		<b>Choking</b> Small parts (eyes and a suction cup) may easily detach from the toy. A small child may put a detached element in the mouth and choke on it. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.	Ban on the marketing of the product and any accompanying measures
A12/01110/21	Finland	<b>Plastic Water Gun</b>  (Country of Origin: <b>China</b> )		<b>Chemical</b> The product contains an excessive amount of bis (2-ethylhexyl) phthalate (DEHP) and dibutyl phthalate (DBP) (measured values: up to 0.19% and 0.12% by weight respectively). These phthalates may harm the health of children by causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.	Stop of sales
A12/01113/21	Croatia	<b>Sleep Bag</b>  (Country of Origin: <b>Serbia</b> )		<b>Suffocation</b> The neck opening is too large in relation to children's height/ age. This can increase the risk of a child slipping inside the sleep bag and suffocating. The product does not comply with the requirements of the <i>General Product Safety Directive</i> and the relevant European standard EN 16781.	Withdrawal of the product from the market
A11/00060/21	Hungary	<b>Children's Fancy Dress Costume</b>  (Country of Origin: <b>China</b> )		<b>Burn</b> The fancy dress costume is highly flammable and the flame propagation is too high. If it catches fire, the child in it could suffer burns. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-2.	Withdrawal of the product from the market
A12/01115/21	The Netherlands	<b>Cliphanger</b>  (Country of Origin: <b>The Netherlands</b> )		<b>Choking</b> The product can easily break into small parts. A small child may put them in the mouth and choke. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.	Withdrawal of the product from the market

A12/01135/21	Latvia	<p><b>Toy Slime with Magnet</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Injury</b></p> <p>The toy contains a small magnet with a high magnetic flux. If a child swallows the small magnet and other metallic objects, they could attract one another, causing intestinal blockage or perforation. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	<p>Recall of the product from end users</p>
A12/01139/21	Latvia	<p><b>Sticky Hand Toy</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Strangulation</b></p> <p>The toy contains a long cord made of elastic material which can be considerably stretched during use. A child could swing the toy around the head and loop it around the neck, causing strangulation. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.</p>	<p>Withdrawal of the product from the market</p>
A12/01140/21	Lithuania	<p><b>Rattle Toy Set</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Choking</b></p> <p>Small parts (the ball and peas) can easily detach. A small child may put them in the mouth and choke. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71.</p>	<p>Withdrawal of the product from the market</p>
A12/01141/21	Lithuania	<p><b>Plastic Doll</b></p> <p>(Country of Origin: <b>China</b>)</p>		<p><b>Chemical</b></p> <p>The product contains an excessive amount of di-2-ethylhexyl phthalate (DEHP) (measured value: 35% by weight) and di-n-octyl phthalate (DNOP) (measured value: 3.4% by weight). These phthalates may harm the health of children, causing possible damage to their reproductive system. The product does not comply with the REACH Regulation.</p>	<p>Withdrawal of the product from the market</p>

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kinds and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

A12/01142/21	Latvia	<b>Toy Slime</b>  (Country of Origin: <b>Belarus</b> )		<b>Chemical</b> The migration of boron from the toy slime is too high (measured value: up to 1,953 mg/kg). Ingestion or contact with an excessive quantity of boron may harm the health of children by damaging their reproductive system. The product does not comply with the REACH Regulation, the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-3.	Recall of the product from end users
A12/01147/21	Italy	<b>illuminating Wand</b>  (Country of Origin: <b>China</b> )		<b>Chemical, Choking</b> The battery compartment can be easily opened without the use of a tool, meaning that the button batteries are accessible. A child could ingest them, leading to a risk of choking and damage to their gastrointestinal tract. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 62155.	Ban on the marketing of the product and any accompanying measures
INFO/00144/21	Czechia	<b>Plastic Balls</b>  (Country of Origin: <b>Unknown</b> )		<b>Choking</b> The product releases small parts. As a consequence, a child may put them in the mouth and choke on them. The product does not comply with the requirements of the <i>Toy Safety Directive</i> and the relevant European standard EN 71-1.	Withdrawal of the product from the market

### Safety Gate: the EU Rapid Alert System for Dangerous Non-food Products

“Safety Gate”, the EU rapid alert system (formerly known as ‘RAPEX’), enables the rapid exchange of information between 31 European countries and the European Commission on non-food dangerous products found on the market posing a risk to the health and safety of consumers.

A weekly overview of the alerts on those products is published in English for free on <https://ec.europa.eu/safety-gate-alerts/screen/webReport#weeklyReports>. The measures taken in the notifying country in order to restrict their marketing or use can be ordered by national authorities (“compulsory measures”) or be taken directly by producers and distributors (“voluntary measures”).

The official contact points of the Member and the EFTA-EEA States provide the information published in these weekly overviews. Under the terms of Annex II.10 of the General Product Safety Directive (2001/95/EC), responsibility for the information provided lies with the notifying party. The Commission does not take any responsibility for the accuracy of the information provided.

## Recall Summary – US Toys/ Children’s Products

*CPSC Recall List (July 2021)*

Recall No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
21-160	USA	<b>Children’s Robes</b>  (Country of Origin: <b>China</b> )		<b>Risk of Burn</b> The children’s robes fail to meet the federal flammability standards for children’s sleepwear, posing a risk of burn injuries to children.	Consumers should immediately stop using the recalled garments and contact One Twenty Clothing Company US LLC for instructions on returning the garments with free shipping to receive a full refund.
21-163	USA	<b>Ozone 500® Girls’ and Boys’ Elevate 24-Inch Bicycle</b>  (Country of Origin: <b>China</b> )		<b>Risk of Injury</b> The rear shock spring on the bicycles can get stuck, creating a pinch point between the spring and the seat. This poses a risk of injury or causing the bicycles to stop unexpectedly, imposing a fall hazard to the rider.	Consumers should immediately stop using the recalled bicycles and bring them to any Academy Sports + Outdoors store for a free repair or a full refund. Consumers can also contact Academy Sports + Outdoors for a replacement shock and repair instructions or to receive a pre-paid shipping label to return the bicycle for a full refund.
21-164	USA	<b>Disney Baby Winnie the Pooh Rattle Set</b>  (Country of Origin: <b>China</b> )		<b>Choking Hazard</b> The feet on the Winnie the Pooh rattle can detach, posing a choking hazard to young children.	Consumers should immediately take the recalled rattle away from young children and contact Walgreens for a full refund.
21-171	USA	<b>Children’s Pajamas</b>  (Country of Origin: <b>China</b> )		<b>Risk of Burn</b> The pajamas fail to meet the federal flammability standards for children’s sleepwear, posing a risk of burn injuries to children.	Consumers should immediately take the recalled pajamas away from children and stop using them. Amazon and/ or Tkala Fashion will contact all known purchasers with information on how to receive a refund. If you do not receive communication from either Amazon or Tkala Fashion, contact Tkala Fashion.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kinds and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

21-172	USA	<b>Birkenstock Kids' Mogami Sandals</b> <b>Sizes 24-28</b> (Country of Origin: <b>Germany</b> )		<b>Choking Hazard</b> A plastic rivet can detach from the sandal's ankle strap, posing a choking hazard for young children.	None reported
21-769	USA	<b>Children's Sleepwear Set</b>  (Country of Origin: <b>China</b> )		<b>Risk of Burn</b> The recalled sleepwear set fails to meet flammability standards for children's sleepwear, posing a risk of burn injuries to children.	Consumers should immediately take the recalled sleepwear set away from children and stop using them. SHEIN will contact all known purchasers. Upon returning the garment, SHEIN will refund consumers the purchase price and provide a US\$10 gift card. If consumers do not receive communication from SHEIN, please use the consumer contact information indicated in below CPSC's website.
21-770	USA	<b>Specialized 1<sup>st</sup> Generation Turbo Levo and Kenevo Electric Mountain Bike Battery Pack</b>  (Country of Origin: <b>Taiwan</b> )		<b>Fire and Burn Hazards</b> Water can penetrate the seal around the LED control pad on the bicycle's lithium-ion battery pack and cause short circuit on the battery, posing fire and burn hazards to children.	Consumers should immediately stop using the recalled electric mountain bikes and contact Specialized Bicycle for a free repair. Specialized is contacting purchasers directly about the recall. Consumers should not charge the recalled battery pack or expose it to wet conditions until it has been repaired by an authorized Specialized retailer.

## CPSC

The United States Consumer Product Safety Commission (CPSC) is an independent agency of the United States government. To provide better service in alerting the American people to unsafe, hazardous or defective products, a "one-stop shop" for U.S. Government recalls, [www.recalls.gov](http://www.recalls.gov), has been created. Publics can report unsafe products to CPSC by using the platform.

The recall list is divided into seven categories: Consumer Products, Motor Vehicles, Boats, Food, Medicine, Cosmetics and Environmental Products. Generally, the recall was conducted, voluntarily by the company, under CPSC's Fast Track Recall program. Fast Track recalls are initiated by firms who commit to work with CPSC to quickly announce the recall and remedy to protect consumers.

## Recall Summary – Australia Toys/ Children’s Products

*ACCC Recall List (July 2021)*

PRA No.	Notifying Country	Product	Product Photo	Hazard/ Risk	Remedy
2021/19071	Australia	<b>The Spoon from the ‘Weet-Bix Little Kids Essentials’ Promotional Bowl and Spoon Set</b>		<b>Choking Hazard</b> The tip of the spoon may separate from the handle.  If the tip separates from the handle, it can pose a choking hazard for young children, which can lead to severe injury or death.	Consumers should immediately stop using the spoon and place it in a safe and secure spot that is not accessible by children.
2021/19111	Australia	<b>A Wooden Rattle Toy with Silicone Bead Ring</b>		<b>Suffocation Hazard</b> The product does not comply with the size and shape requirements of the mandatory standard <i>Consumer Protection Notice No. 14 of 2003 - Consumer Product Safety Standard: Toys for Children up to and Including 36 Months of Age</i> .  The product may pose a choking or suffocation hazard for young children, which can lead to severe injury or death.	Consumers should dispose of the rattle and contact OB Designs for a replacement rattle.
2021/19114	Australia	<b>Plum Silicone Soother</b>  <b>Sold in a range of colors</b>  <b>Sizes NB-6m and 6-18m</b>		<b>Choking Hazard</b> The product may have been damaged by its packaging, and the teat may break off the shield.  A broken teat may pose a choking hazard for young children, which can lead to severe injury or death.	Consumers should immediately stop using the product and return it to any Baby Bunting store for a full refund.

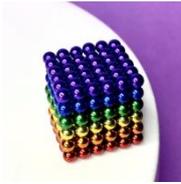

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kinds and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

2021/19083	Australia	<p><b>Barbie (TM) Organic Playsuit</b></p> <p><b>Size 2 garment</b></p>		<p><b>Fire Hazard</b></p> <p>These products do not comply with the fire hazard labelling requirements of the mandatory standard <i>Consumer Goods (Children’s Nightwear and Limited Daywear and Paper Patterns for Children’s Nightwear) Safety Standard 2017</i>.</p> <p>The garments may pose a potential fire risk to the wearer.</p>	<p>Consumers should immediately cease using the garment and return it to any Big W store for a full refund.</p>
2021/19086	Australia	<p><b>Plastic LED Finger Torch Containing Non-lithium Button Batteries</b></p>		<p><b>Injury</b></p> <p>The battery compartment is not adequately secured and the button batteries in the product are easily accessible.</p> <p>If young children gain access to the button batteries and ingest them, they may suffer internal burn injuries, which can result in serious illness and even death. In addition, the batteries may pose a choking hazard to young children.</p>	<p>Consumers should stop using the product and ensure it is kept out of reach of children. Consumers who purchased the product from their school should return the product to the school office for a full refund.</p>
2021/19082	Australia	<p><b>Cool Fishing Game</b></p>		<p><b>Suffocation Hazard</b></p> <p>The product does not meet the requirements of the mandatory standard <i>Consumer Protection Notice No. 14 of 2003 - Consumer Product Safety Standard: Toys for Children up to and Including 36 Months of Age</i>.</p> <p>Small parts may pose a choking or suffocation hazard for young children.</p>	<p>Consumers should return the product to the place of purchase for a full refund.</p>
2021/19132	Australia	<p><b>Kaiser Style Felix Fox Baby Comforter</b></p>		<p><b>Choking Hazard</b></p> <p>The comforter has a black nose that can separate from the plush toy.</p> <p>If the black nose detaches from the comforter, it may pose a choking hazard for young children, which can lead to severe injury or death.</p>	<p>Consumers should immediately stop using the product and return the product to the nearest Kaisercraft store to receive a full refund.</p>

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. It is distributed without warranty, representation, inducement or license of any kinds and STC and its subsidiaries do not assume any legal responsibility for use or reliance upon the information.

2021/19130	Australia	<b>Dog and Dinosaur-shaped Children's Night Lights</b>		<p><b>Injury</b> The button battery compartment of the "try me" button in the packaging of the product may not be adequately secured and the batteries may be easily accessible.</p> <p>If young children gain access to the button batteries and ingest them, they may suffer internal burn injuries, which can result in serious illness and even death. In addition, the batteries may pose a choking hazard to young children.</p>	Consumers should ensure the product packaging is kept out of reach of children and disposed of. Consumers can return the product to an Australia Post outlet for a full refund.
2021/19110	Australia	<b>Charm Bracelet Set Available in 8 Different Bracelet Designs with Various Charms</b>		<p><b>High Cadmium Level</b> The charms that are attached to the jewelry contain high levels of cadmium.</p> <p>Prolonged exposure to high levels of cadmium is linked to serious adverse health effects.</p>	Consumers should remove the jewelry from children and return them to the place of purchase for a full refund.
2021/19016	Australia	<b>Ocean Animal-themed Dough Modeling Kit</b>		<p><b>Injury</b> The battery compartment is not adequately secured and the button battery in the product may be easily accessible.</p> <p>If young children gain access to the button battery and ingest it, they may suffer internal burn injuries, which can result in serious illness and even death. In addition, the battery may pose a choking hazard to young children.</p>	Consumers should return the product to their place of purchase for a full refund.
2021/19017	Australia	<b>Jungle Animal-themed Dough Modeling Kit</b>		<p><b>Injury</b> The battery compartment is not adequately secured and the button battery in the product may be easily accessible.</p> <p>If young children gain access to the button battery and ingest it, they may suffer internal burn injuries, which can result in serious illness and even death. In addition, the battery may pose a choking hazard to young children.</p>	Consumers should return the product to the place of purchase for a full refund.

The information contained in this newsletter is obtained from sources believed to be accurate to the best knowledge of STC and its subsidiaries. 2021/19133	Australia	<p><b>Colorful Magnetic Ball, Squish and Crunch Together for Stress Relief</b></p>		<p><b>Injury</b> The product contains small, high-powered magnets. The product exceeds the maximum allowable magnetic flux index set by the permanent ban on certain small, high powered magnets, prescribed in Consumer Protection Notice No. 5 of 2012 <i>Imposition of Permanent Ban on Small, High Powered Magnets</i>.</p> <p>If a child swallows more than one small high powered magnet, the magnets can stick together across the walls of the child’s intestine or other digestive tissue, which can lead to internal injuries and even death. The magnets may pose a choking hazard to young children (small parts).</p>	<p>Consumers should immediately stop using the product. Digit Fidgets will contact consumers directly to organize a refund or replacement.</p>
2021/19134	Australia	<p><b>Plastic Torch</b></p> <p><b>Available in blue, yellow, green or red</b></p> <p><b>Marked with “SSL” and “128”</b></p>		<p><b>Injury</b> The battery compartment is not adequately secured and the button batteries in the product are easily accessible.</p> <p>If young children gain access to the button batteries and ingest them, they may suffer internal burn injuries, which can result in serious illness and even death. In addition, the batteries may pose a choking hazard to young children.</p>	<p>Consumers should immediately stop using the product and contact Cetek to receive a replacement product. If the product has already been disposed of, consumers are asked to notify Cetek so that the safe disposal of the products can be monitored.</p>

### Australian Product Safety System

The Australian product safety system is to maximize the safety of goods by the cooperation of consumers, businesses and agencies. This policy sets out the principles adopted by the Australian Competition and Consumer Commission (ACCC) for prioritizing and addressing product safety risks.

Under the Australian Consumer Law, a responsible Minister can order a compulsory recall when there are hazards on the products. A voluntary recall could be conducted to remove the product from the marketplace when the suppliers become aware of unsafe or defective products.

The ACCC administers a national recalls system for recalls of specific and general consumer products, and publishes all product recalls on the website <https://www.productsafety.gov.au/recalls>.

STC (Hong Kong Standards and Testing Centre) is a not-for-profit, independent testing, inspection and certification organization. With a global network of ISO/IEC 17025 accredited testing laboratories and over 50 years of experience in consumer product testing, we can meet your conformity assessment needs with highly efficient and reliable service. Our testing scope and capabilities related to toys and children's products include but not limited to:

### EU Requirements
